TERMS OF BUSINESS, ETC.

ORDERING.—When ordering, write plainly name and address (state whether MR., MRS., or MISS), also postal address, and state nearest Railway Station. (THESE OMISSIONS FREQUENTLY CAUSE CONFUSION.) All orders are despatched as early as possible on receipt and, should delay occur, clients are advised at once.

SUBSTITUTION.—Should the stock of any variety ordered be exhausted, we shall, to save delay, send in its place the most suitable substitute, unless instructed to the contrary.

NEW CUSTOMERS.—Customers with whom we have not previously transacted business are requested to remit with order or refer us to some reputable Melbourne person or firm as guarantee of good faith.

PRICES.—Owing to the dependency of seed crops on weather conditions, prices are liable to fluctuate, but as far as possible the rates shown in this Catalogue will be adhered to throughout. **PRICES LISTED IN THIS CATALOGUE** are those ruling at the time of issue, but **ARE SUBJECT TO ALTERATION WITHOUT NOTICE.** Providing the order is over 1/- in value, **WITH THE EXCEPTION OF PEAS, BEANS, AND SWEET CORN,** the prices quoted for packet seeds are post free. Prices of Vegetable Seeds in bulk, Peas, Beans, and Sweet Corn in packets, Farm Seeds and General Sundries are all understood either ex store, F.O.R., or F.O.B., Melbourne, or in the case of postal parcels, postage extra. **THIS CATALOGUE CANCELS** all previous lists.

PACKING.—We charge cases and packing at (as near as possible) cost price.

DELIVERY.—All goods are delivered free to Wharfs, Railway Stations, and Carriers' Offices at Melbourne, after which our responsibility ceases, and goods travel at purchaser's risk.

TERMS.—All goods are supplied on the terms of monthly

account, and unless stipulated otherwise on the invoice (E. and O.E.) a discount of 2½ per cent. is allowed off Flower Seeds, Vegetable Seeds, Fruit Trees, and Plants paid for within 30 days of the date of invoice. **Farm Seeds, Manures, Spray Compounds,** and other lines included in the Sundry pages of this Catalogue are sold on a strictly nett basis, whether stipulated at time of sale or not.

REMITTANCES.—Payments may be made by cheque (Crossed and marked "Not Negotiable"), Bank Draft, Postal Note, or Post Office Order. New Zealand, Fijian, and other overseas clients are requested to remit by Bank Draft, and not by stamps or postal notes, which are not negotiable in Australia. **Exchange must be added to all country and interstate cheques, the rate being 6d. for Victoria and 1/- for Interstate.**

NON-WARRANTY CLAUSE

All our Seeds, Plants, Bulbs, and Tubers are offered and sold subject to the following Conditions of Sale as laid down by the Seed Merchants' Association of Victoria—"The description under which our Seeds, Plants, Bulbs, and Tubers are sold signifies no more than that we believe they have been taken from reliable stocks, and in no case does the description signify that the resultant crop will grow true to our description. Owing to many difficulties beyond human control and other causes, we give no warranty, expressed or implied, as to the description, growth, quality, purity, or productiveness of the seed or other goods, and will not be responsible for the resultant crop. Moreover, the liability (if any) in respect of the goods actually delivered is limited to the price paid to us for the specific seed or other goods in respect of which any claim may be made, or £5, whichever is the greater. If these Conditions of Sale are not acceptable, the buyer must immediately return the goods."

PASSENGER TRAIN RATES—PREPAID.

NOTE.—25 per cent. extra freight is charged on all Passenger Train Parcels within the State unless prepaid at Melbourne.

Novelties and Specialties in Flower Seeds— See also coloured pages

NOTE.—The descriptions given are those of the raisers or introducers

Gaillardia—Monarch Strain, Mixed

GAILLARDIA—Monarch Strain, Mixed

For many years we have endeavoured to evolve a strain of mixed perennial Gaillardia which would produce from seed plants that, in form and flower, would equal the quality to be found in the better-named varieties. This strain contains those characteristics, and each and every flower is perfect in form and colouring, and the plants have a robustness seldom found in Gaillardias. The blooms are large and full petaled, and it is almost impossible to find any of the objectionable wheeled forms that so frequently appear in mixtures from seed. The ground colouring is, of course, golden-yellow in varying tones, but the zones differ both in colour and character to an amazing degree. Grows to a height of about 2½ feet.

Price, 1/- packet.

HOLLYHOCK Annual Double Scarlet Beauty

We predict that Annual Hollyhocks will become very popular when better known. This Novelty has flowers identical to an ordinary Hollyhock, and the habit of the plant is the same. It can, of course, be sown in the spring and flowered easily the same year; colour is pure intense scarlet.

Price, 1/- packet.

LARKSPUR

Giant Imperial Daintiness, Improved

A deeper shade of lavender blue, coming in larger and more fully double flowers on longer spikes. This improved form of Daintiness will be gladly received by those who formerly had trouble with this colour fading out under adverse conditions. Height, 4 feet.

Price, 1/- packet.

LARKSPUR—Tall Branching Tempest

Tempest represents a colour often asked for in this group, as it is a shade deeper than Lilac and several tones lighter than Dark Blue. Its colour is best described as mid-blue.

The florets on Tempest are of the round petal type, which give it the necessary full double appearance. The flowering trusses are longer than usual, and are produced on strong lateral branches. Height, 4 feet.

Price, 1/- packet.

LARKSPUR—Tall Branching Grandee

Grandee produces 100 per cent. double florets on long flowering spikes, and is similar in colour to Lustrous Carmine. This fine novelty was almost called an Improved Lustrous Carmine; however, it is such a vast improvement over the older variety in size of flower and doubleness that we believe it merits introduction under a new name. Height, 4 feet.

Price, 1/- packet.

CALLIOPSIS

Grandiflora, Double, New Gold

The flowers are large and fluffy, and are fully double. Colour is a deep golden yellow, and the flowers are produced on long, graceful stems that make it ideal for cut flower use. The flowers range in size from 2 to 2½ inches across, and come about 85 per cent. double. A perennial that is very popular for early summer flowers. Height, 3 feet.

Price, 1/- packet.

CALLIOPSIS—Golden Crown

This outstanding specialty has been selected by American specialists as being worthy of their Award of Merit in the All-America Trials. It is hardy and easy to grow, producing an abundance of bloom on plants about 2 feet in height. The flowers are larger than those of any other Calliopsis and of perfect symmetrical form. The colour—rich golden yellow—is made the more arresting by the contrast of a shining maroon central zoning. We recommend this novelty with every confidence, and predict a demand equal to that of any introduction of recent years.

Price, 1/- packet.

AUBRIETIA—Monarch Strain

This excellent mixture contains flowers of almost every conceivable shade of deep red, rosy violet, rose, violet, lavender, pink, purple, slaty blue, mauve, etc. The plants are dwarf, compact, and neat habit of free-flowering character. Perfectly-formed flowers of large size. Sow seed in May for flowering the following spring. The plants will develop to as much as 1½ feet in diameter within two years. Most useful for spring bedding or rockery work.

Price, 1/- packet.

MARIGOLD—Collarette, Yellow Crown

The form of Yellow Crown is, like Crown of Gold, of the Collarette type. Colour is a clean, refreshing, cheerful shade of bright canary-yellow. Flowers $2\frac{1}{2}$ inches across and sweet-scented. Odourless foliage. Height, 20 inches.

Price, 1/- packet.

MARIGOLD—Collarette, King's Ransom

Foliage is entirely odourless and flowers are $2\frac{1}{2}$ to 3 inches across, delicately sweet-scented, and of a glowing, bright golden-orange shade midway between Crown of Gold and Yellow Crown. True Collarette type. Height, 20 inches.

Price, 1/- packet.

MARIGOLD—Collarette, Crown of Gold

All-America Gold Medal Winner of 1937.

Fragrant Collarette flowers of a brilliant orange-gold; odourless foliage. 2 feet high.

Price, 1/- packet. Set of three packets of Collarette Marigolds for 2/6.

MARIGOLD, DWARF FRENCH Scabious-flowered Golden Harmony

Growing only to a height of 11 inches, and being very compact in form, Golden Harmony is ideally fitted for both border and bedding purposes. Each flower is of the quilled Scabious type, and has a single row of broad guard petals on the outer edge. The colour is a luminous golden yellow—both the quilled centre and the guard petals hold to the same bright colour. Golden Harmony is very floriferous, and is literally covered with hundreds of Double flowers which are 2 inches in diameter.

Price, 1/- packet.

MARIGOLD—African Little Giants

"Little Giants" throws blooms varying in form from the informal Carnation type to the perfect *Fistulosa* globe. The plants are very closely compact and the stems short. Its foliage is an attractive dark bluish green.

Although "Little Giants" ranges in height from 10 to 15 inches, a small percentage of taller plants will show up. However, these are easily detected at the transplanting stage, as they all have light-coloured foliage—"Little Giants" being a deep bluish green.

"Little Giants" is strongly recommended for bedding and bordering. The plants produce heads of twenty-five flowers all out at the same time. Colour ranges from a yellow to a bright orange, with many shades in between.

Price, 9d. packet.

MARIGOLD—American Beauty (Chrysanthemum-flowered, Incurved)

This new strain is identical in form of flower to a lovely incurved Chrysanthemum. The plants are very floriferous and the stems are good and strong for cutting. We feel confident that the perfection of this novelty represents not only the greatest advance yet made in Marigolds, but also one of the great horticultural achievements of the century. We offer this new strain in the three colours listed below and a mixture. All colours are true and 100 per cent. double. Height, 3 feet.

American Beauty Orange.

American Beauty Golden Orange.

American Beauty Yellow.

American Beauty Mixed.

Price, 1/- packet each. Set of 3 separate colours for 2/6.

Marigold—Collarette, Crown of Gold

IPOMŒA (Morning Glory) "Scarlett O'Hara"

Few plants are easier to grow or give a more colourful and satisfying return for the care given them than the *Ipomœas* or Morning Glories. "Scarlett O'Hara" is an entirely new colour in this popular flower—rich dark wine red or deep crimson. The flowers, while not as large as Heavenly Blue, are of good size, freely produced on fast-growing vines, which are very showy for covering a fence or trellis.

Price, 9d. packet.

IPOMŒA (Morning Glory) Clark's Heavenly Blue

The beautiful sky blue of the Heavenly Blue Morning Glory is unquestionably one of the loveliest shades in any flower, a beautiful sky-blue colour which shades at the centre to a golden throat. It is the earliest flowering variety, makes a sparse growth of foliage, and is heavily covered with flowers. The flowers are very large, of the characteristic Morning Glory form; and, although they close by noon, the glory of their morning beauty cannot be equalled.

Price, 9d. packet.

ANTIRRHINUM (Nanum grandiflorum) Royal Cerise

This bright cerise-carmine Antirrhinum will, we are certain, quickly displace others of similar colour in the *Nanum grandiflorum* section. It is of the same habit as our St. George and Royal Rose. The strong spikes are thrown well above the foliage, and the large, well-formed flowers are ideally placed.

Price, 9d. packet.

LEPTOSYNE—Golden Rosette

This double form of *Leptosyne* Stillmanni is very attractive. It is of easy culture and will succeed almost anywhere, flowering within ten weeks of sowing. The flowers are of perfect rosette form and freely produced, colour bright buttercup yellow. Height, 18 inches.

As a cut flower Golden Rosette will be found admirable.

Price, 1/- packet.

VISIT OUR NURSERIES DURING MARCH, APRIL, AND MAY FOR DAHLIA DISPLAY

Polyanthus—Monarch Strain, Mixed

POLYANTHUS—Monarch Strain, Mixed

To be specially attractive, a strain of Giant Polyanthus requires, in addition to size and colourfulness, the essential attribute of compactness in truss formation.

Monarch Mixed is the result of many years of selection and re-selection, the object of which has been to fix a strain free from objectionable loose-headed plants.

The flowers are produced from a stiff and strong central stem and vivid colours are in the majority, but soft art shades occur in sufficient number to create a perfect blend of colours.

Price, 1/6 packet.

PANSY—Coronation Gold

This new giant golden Pansy is of special merit; the flowers are large and of a fine texture; the plants are free blooming but compact; the colour is a pleasing shade of pure deep yellow, suffused golden orange and without eye. Trials have proved Coronation Gold to be the best of all Yellow Pansies.

Price, 1/6 packet.

PANSY—Giant Orchid-flowered, Mixed

This beautiful strain includes all the delicate and pretty colours to be found in Orchid-flowered Pansies, such as cream-primrose, salmon-mauve, etc. The lovely colour combinations, combined with the improved size and wavy form of the flowers, make it an attractive and admirable introduction.

Price, 1/6 packet.

SWEET PEAS

Late (Summer-flowering) Spencer Varieties

MAYTIME—This outstanding Sweet Pea received a Certificate of Merit at the Scottish National Sweet Pea Society's trials. May-time is a rich golden cerise colour, producing four and five immense flowers on long, stout stems.

Price, 9d. packet.

GOLDEN DRAGON—A very large duplexed-flowered orange. The standard is a vividly bright orange, while the wings shade to a deeper softer orange rose. A Sweet Pea of great merit, which cannot be recommended too highly.

Price, 9d. Packet.

SWEET PEAS

Early (Winter-flowering) Spencer Varieties

Price, 9d. packet each. Collection of 8 Separate Varieties for 5/-.

EVENING STAR—A brilliant orange scarlet suffused orange, with the broad standards holding to this bright colour and the wings being toned to a lighter hue. The plants are strong growers, stems are very long, each producing four or five flowers.

IRIS BLUE—The colour is a deep "Iris Blue," with the widespread wings keeping to a lighter hue than the standard, which is very broad and quite wavy. In comparison with other blues, Iris Blue is deeper than Tahoe and several shades lighter than Top Hat.

PRINCESS BLUE—A Belladonna blue, the delightful and pleasing shade that was in great favour at the recent Coronation. It is a vigorous grower with stout stems.

ROSE PICOTEE—Produces large ruffled flowers and four to a stem. The clear white flower, with the salmon-pink edging, makes a very beautiful bouquet that is surprisingly lively for table decoration.

TAHOE—Delightful shade of mid-blue. Flowers are well placed on long stems, and the plant is a vigorous grower.

TITANIA—A mammoth-flowered deep rose self, a brighter colour than Josie, with larger flowers and heavier stems. The white ground at the base of standard and wings enhances the beauty of this outstanding Sweet Pea.

TOP HAT—A distinctly new colour in Sweet Peas. Mammoth flowers of a deep velvety violet, coming with a large waved standard and widely spread wings. Top Hat is a very vigorous grower, and produces stems that are surprisingly long.

VIRGINIA—A rich rose-pink on white ground, its large ruffled standard is 2½ inches across, and wings are very beautifully spread in proportion.

CALENDULA—Golden Shaggy

Another very interesting novelty is a new golden coloured Shaggy type Calendula. This informal Calendula is identically similar to Orange Shaggy in appearance, with long, deeply-fringed petals growing out in a very irregular manner. It is also very thick through the centre of the flower. The plants grow between 18 and 20 inches high, with long stems and 2½-inch flowers. We believe that this new gold colour will achieve immediate popularity.

Price, 1/- packet.

CALENDULA—Chrysantha Twilight

Twilight is large-flowered, the blooms measuring 4 inches across, and has the same light, informal flower form as Orange Sunshine with long slender incurved petals, which makes it very pleasing for cut flower use, besides being most decorative in the garden. The colour is new, soft pastel yellow blended with white, reminding one of thick, rich cream. The creamy yellow shade is much deeper in the younger flowers than when they are fully developed. The colour, however, varies somewhat, some flowers being lighter, others deeper, and some even showing a slight tinge of apricot yellow. Although long, the stems are more wiry and less heavy looking than the other types. Height, 2 feet.

Price, 1/- packet.

CALENDULA—Orange Fantasy

New, true, and distinct. A type never before seen. The first few rows of petals on the outside are short and fantastically curled and interlaced, piling up on top of each other in irregular fashion so as to form a heavy crest which surrounds a large, attractive, mahogany-bronze centre. Flowers grow 3½ inches across, and are of exceptionally deep but pleasing bronzy or coppery orange, with petals edged deep mahogany red. The plants grow 15 inches high.

Price, 1/- packet.

ZINNIA—Fantasy

Among Zinnia enthusiasts a few years ago we introduced the golden-yellow variety, Star Dust, and this season we are presenting additional colours. The plants are neat in habit, strong growing, and very free flowering; about 2½ to 3 feet in height. The delicate informal flowers, composed of a mass of shaggy, ray-like petals, are quite distinct from the stiff, formal Zinnias to which we are accustomed.

ORANGE LADY—Rich shade of deep orange.

ROSALIE—Bright rose.

WHITE LIGHT—White, practically 100 per cent. true to colour.

Price, 1/- packet each. Set of 3 colours for 2/6.

ZINNIA

Super Crown o' Gold, Pastel Tints

The new Pastel Tints contain a wide range of pastel shades, including soft yellow, old gold, light pink, apricot pink, various shades of salmon, peach, and buff, as well as pure white and cream. None of the dark colours found in the ordinary strain Crown o' Gold Mixture are included in these new Pastel Tints. For cutting or for garden use it is very hard to surpass. The plants are strong, growing about 3 feet high, and flowers are borne profusely throughout the season.

Price, 1/- packet.

ZINNIA—Lilliput Pastel Shades

Until recently there has been no strictly Pastel variety in the Lilliput type. In the Pastel Mixture, however, we have incorporated the very lovely soft shades of apricot, peach, creamy yellow, shell pink, delicate salmon, light rose, and orchid, which are prime favourites with florists and cut flower growers. The plants are 12 to 15 inches in height, neat in habit, compact growing, and very free flowering.

Price, 1/- packet.

SCABIOSA—Imperial Giants, Blue Moon

This new type has flowers composed entirely of broad, heavy, wavy petals, eliminating the pincushion centre entirely. In other words, the flower is literally fully double. Because of this complete doubleness, the flowers are, of course, extremely large and deep, 2½ inches across and 2 to 2½ inches deep. The colour is a rich deep lavender blue, a shade which maintains its effectiveness indoors or out. The plants are extremely upright growing, 42 to 48 inches in height.

Price, 1/- packet.

SCHIZANTHUS—Monarch Strain Mixed

Award of Merit Strain.

This re-selected strain of Schizanthus was tried out by the Royal Horticultural Society with strains from all parts of the world, and was the only one that secured an Award of Merit. It is a superlative mixture, and a great advance on anything hitherto available. Brightest roses, apple-blossom pinks, salmons, rosy crimsons, deep violet purples, and many indescribable variations make a riot of colour almost unbelievable. The flowers are beautified by an exceptionally heavy gold veining.

Price, 1/6 packet.

TITHONIA—Speciosa grandiflora, Fireball

Tithonia speciosa is one of the finest of all autumn plants. This new variety has flowers of a very bright clear orange scarlet, the colour contrasting well with a clear yellow centre. The flowers are 4 to 5 inches in diameter, and are carried on long stems. Height, 6 to 8 feet.

Price, 1/- packet.

Mignonette—Red Monarch

MIGNONETTE—Red Monarch

The deepest Red Mignonette of all, its habit is ideal, for although the plant is compact, the foliage is strong and of good substance. The flower spikes are broad and of perfect form. Its perfume is exceptionally strong.

Price, 9d. packet.

PANSY—"Incomparable"

(Gill & Searle's Special Mixture)

The mixture "par excellence" in Pansy seed. We have every confidence in stating that no mixture of Pansy seed throughout the world is more consistent in producing so high a percentage of first-class blooms as "Incomparable." Numerous testimonials received from time to time from all parts of Australasia, together with the prizes won at various shows, testify to the high quality of the strain. The newest introductions of "Known and tested Merit" are each year added to the strain, and no expense is spared in maintaining and improving the standard of this special mixture.

Price, 2/6 and 5/- packet.

PETUNIA FIMBRIATA NANA Setting Sun

This is a glorious Petunia which comes true from seed. The plants, which are of dwarf and compact habit, grow about 12 inches high, are covered with beautifully fringed flowers of a brilliant rose-pink colour, and measure 3 inches across. For bordering and bedding it is ideal. Highly recommended.

Price, 1/6 packet.

Seedlings available in Spring, 1/- dozen; 3/- per 50.

General List of Flower Seeds

ANNUALS.—Flower, produce seeds, and die the same year as they are sown. **BIENNIALS.**—Those which are sown in one year, and bear their flowers and seeds and die the next. **PERENNIALS.**—Those which grow and flower for several years, usually blooming the second year from seed.

SUBSTITUTES.—Should the stock of any variety ordered be exhausted, we shall, to save further delay, send in its place the most suitable substitute, unless instructed to the contrary.

FOR NOVELTIES AND SPECIALTIES IN FLOWER AND VEGETABLE SEEDS, SEE SPECIAL PAGES.

ABBREVIATIONS.—H., Hardy; H.H., Half-Hardy; A., Annual; B., Biennial; H.B., Hardy Biennial; P. Perennial; Gr., Greenhouse; Cl., Climber; Trl., Trailing; Herb., Herbaceous. Thus H.H.A., Half-Hardy Annual; Herb.P., Herbaceous Perennial, etc.

SEED SOWING.

A large percentage of the failures experienced in raising seeds is due to the following causes:—

1. Using unsuitable soil for covering. Sifted, well-decayed cow manure will give the best results.
2. Sowing too deeply or not covering sufficiently.

3. Allowing the surface of the soil to become dry.

4. Omitting to provide some sort of covering during hot weather.

5. Sowing while the soil is too cold or too wet to permit germination.

IMPORTANT.—When ordering, please give number only, also number of this Catalogue, 123.

ACONITUM (Monk's Hood). H.P.

(Sow Spring to early Autumn.)

Hardy herbaceous plants suitable for growing in the shade or cold, moist places; succeed well in any garden soil.

1. Wilsoni (Barker's Variety). Deep violet-blue flowers, robust branching habit. Hgt., 4 to 5 ft. 1/- pkt.

ACROCLINIUM (Everlasting Flower). H.A.

(Sow Spring and Summer.)

Double Daisy-like flowers, with straw petals of silky appearance. Valuable for cutting; likes a sunny position.

2. Large-flowered Double Hybrids.—Hgt., 1½ ft. 6d. pkt.

ADONIS (Pheasant's Eye). H.A.

(Sow Spring to Autumn.)

Very showy annual with dark green feathery foliage.

3. Æstivalis.—Scarlet. Hgt., 1 ft. 3d. pkt.

AGATHEA (Blue Marguerite). H.P.

(Sow Spring to Autumn.)

Showy perennial border plant; likes a sunny position.

4. Cœlestis.—Blue with yellow centre. Hgt., 2½ ft. 6d. pkt.

AGERATUM (Floss Flower). H.H.A.

(Sow Spring to early Autumn.)

Desirable for edging, borders, and rockeries.

5. Blue Ball.—True blue colour. Hgt., 6 in. 6d. pkt.
6. Blue Cap.—Deep blue flowers. Hgt., 6 in. 9d. pkt.
7. Swanley Blue.—Pale lavender blue flowers. Hgt., 6 in. 6d. pkt.; bulk pkt., 1/6
8. Little Blue Star.—Star-like flowers. Hgt., 4 in. 6d. pkt.
9. Little Silver Star.—Silver-grey, star-like flowers. Hgt., 4 in. 9d. pkt.
10. Purple Perfection.—Deep purple flowers. Hgt., 8 in. 3d. pkt.
11. King of the Blues.—See Novelty and Specialty coloured pages.
12. Fairy Pink.—See Novelty and Specialty coloured pages.

ALONSOA (Mask Flower). H.H.A.

(Sow Spring to Autumn.)

Blooms all through the summer; splendid for flower beds and borders.

13. Warscewiczii compacta.—Bright scarlet. Hgt., 1 ft. 3d. pkt.

ALYSSUM (Madwort). H.A. and P.

(Sow Spring to Autumn.)

Quick growing, dwarf edging plants. The flowers are delicately perfumed.

14. Lilac Queen Improved.—Deep lilac. H.A. Hgt., 6 in. 6d. pkt.
15. Little Dorrit.—White flowers. H.A. Hgt., 4 in. 3d. pkt.
16. Maritimum Nanum Violet Queen.—See Novelty and Specialty coloured pages.
17. Primrose Queen.—Primrose, dwarf compact. H.A. 6 in. 6d. pkt.
18. Rock Garden Species Mixed.—H.P. Hgt., 6 in. 6d. pkt.
19. Saxatile Compactum Gold Dust.—Golden-yellow flowers. H.P. Hgt., 1 ft. 6d. pkt.
20. Saxatile compactum.—Golden yellow flowers; suitable for borders and rockeries. H.P. Hgt., 1 ft. 3d. pkt.
21. White procumbens (Carpet of the Snow).—White flowers, very dwarf habit. H.A. Hgt., 3 in. 3d. pkt.; bulk pkt., 1/-

AMARANTHUS. H.H.A. (Sow late Spring to Summer.)

Attractive foliage plants useful for bedding and decorative purposes; they colour best in a hot, sunny position.

22. Combustion.—Bright red markings. Hgt., 4 ft. 6d. pkt.
23. Melancholicus ruber.—Blood red. Hgt., 1 ft. 3d. pkt.
24. Molten Fire.—Brilliant Poinsettia-like colourings. Hgt., 4 ft. 6d. pkt.
25. Pigmy Torch.—Bright crimson plumes. Hgt., 10 in. 6d. pkt.
26. Tricolor splendens.—Hgt., 3 to 4 ft. 6d. pkt.; bulk pkt., 1/-

2. Acroclinium—Large-flowered Double Hybrids

ANAGALLIS (Pimpernel). H.A.

(Sow Spring to Autumn.)

Attractive free-flowering plants covered with five-petaled flowers. Suitable for edging, window boxes, and rockeries. Require a sunny position.

27. Cœrulea.—Gentian blue flowers. Hgt., 8 in. 6d. pkt.
28. Grandiflora, Mixed.—Rich colours. Hgt., 1 ft. 3d. pkt.

ANCHUSA (Cape Forget-me-not). H.A. and H.P.

(Sow Spring to Autumn.)

Showy free-flowering plants with large Forget-me-not-like flowers, continuing in bloom over a long period.

29. Blue Bird.—Indigo blue flowers. Annual variety. 1½ ft. 6d. pkt.
30. Italica (Dropmore Variety).—Very free flowering, gentian blue flowers. H.P. Hgt., 5 ft. 6d. pkt.; bulk pkt., 1/-

ANEMONE (Windflower). H.P.

(Sow Spring to Autumn.) Hgt., 1 ft.

31. Coronaria Single Giant French de Caen Mixed 3d. pkt.
32. Coronaria Single A. Fokker.—Clear mid blue 6d. pkt.
33. Monarch Double Mixed.—Exceptional length and strength of stems; immense flowers in rich colours 1/- pkt.
34. St. Brigid Lord Lieutenant.—Violet shade 6d. pkt.
35. St. Brigid The Admiral.—Pale pink 6d. pkt.
36. St. Brigid The Governor.—Double scarlet flowers 9d. pkt.
37. St. Brigid.—Selected strain, special mixed. 6d. pkt.; bulk pkt., 2/6

(For Anemone Bulbs, see Bulb Section.)

ANTIRRHINUM (Snapdragon)

H.P. (Sow Spring to Autumn.)

Height, 18 to 24 inches.

NANUM GRANDIFLORUM (Semi-Dwarf).

Price: 6d. pkt. each; Collection of 6 Varieties, 2/6; Collection of 12 Varieties, 4/6.

38. **Amber Queen.**—Yellow, overlaid crimson.
39. **Black Prince.**—Flowers nearly black. Dark foliage.
40. **Cherry Ripe.**—Terra cotta, suffused cerise.
41. **Climax.**—Rich orange, shaded gold.
42. **Eclipse.**—Brilliant fiery crimson flowers.
43. **Enchantress.**—Almond blossom pink.

 165. *Large-flowered Hybrids*, Mixed.—A fine strain .. 6d. pkt.
 166. *Monarch Strain*.—See Novelty and Specialty pages.

AURICULA (Dusty Miller). H.P.

(Sow Spring to Autumn.)

Well deserving of cultivation. Delights in shade, but will not bear excessive moisture. The seed takes a long time to germinate.

167. *Alpine Mixed*.—Saved from named varieties. Hgt., 6 in. 1/- pkt.

BALSAM. H.H.A. (Sow late Spring and Summer.)

168. *Bush Flowering Double Mixed*.—Distinct type. Flowers are produced in clusters at the top of the branches. Hgt., 2 ft. 6d. pkt.
 169. *Camellia-flowered*, Mixed.—2 ft. 6d. pkt.; bulk pkt., 1/6
 170. *Double Mixed*.—Hgt., 2 ft. .. 3d. pkt.; bulk pkt., 1/-

BEGONIA. Gr.P. (Sow Spring and Summer.)

Particularly fine greenhouse plants; also suitable for outdoor bedding, if placed in a sheltered situation. Hgt., 1 ft.

171. *Double Perfection* (Tuberous-rooted).—Embraces a wide range of colours 2/- pkt.
 172. *Single Mixed* (Tuberous-rooted).—Containing a wide and varied range of colours 1/6 pkt.

BEGONIA, Bedding Varieties. H.H.P.

(Sow Spring and Summer.)

Dwarf-growing type, suitable for bedding and edging; the foliage and flowers are very attractive.

136. Aster—California Giants Double Mixed

173. *Atropurpurea compacta*.—Dwarf habit, carmine-red flowers; Hgt., 8 in. .. 9d. pkt.
 174. *Bedding Queen*.—Rose pink. Hgt., 1 ft. .. 9d. pkt.
 175. *Carmen*.—Shining dark foliage, pink flowers. Hgt., 10 in. 1/- pkt.
 176. *Fire Glow*.—Compact habit, fiery dark red flowers. 6 in. 1/- pkt.
 177. *Indian Maid*.—Bright scarlet, deep bronze foliage. 10 in. 9d. pkt.
 178. *Luminosa*.—Dark scarlet, foliage reddish brown. 10 in. 9d. pkt.
 179. *Prima Donna*.—Rose, shading to carmine. Hgt., 10 in. 9d. pkt.
 180. *Vernon*.—Ornamental bronze foliage and deep scarlet flowers. Hgt., 15 in. .. 9d. pkt.

BELLIS. (See Daisy.)

BORONIA. H.P. (Sow Spring to Autumn.)

Plant out in a sunny position, well protected from strong winds, in sandy peaty soil.

181. *Megastigma*.—Brown, sweet-scented flowers. Hgt., 3 ft. 6d. pkt.

BRACHYCOME (Swan River Daisy). H.A.

(Sow Spring to Autumn.)

Free-flowering dwarf-growing plants covered during the greater portion of the summer with a profusion of pretty Cineraria-like flowers.

182. *Choice Mixed*.—Hgt., 1 ft. .. 3d. pkt.

BROWALLIA. H.A. (Sow Spring to Autumn.)

Pretty hardy annuals, flowering profusely during the summer and autumn months.

183. *Compacta Sapphire*.—Blue, white eye. Hgt., 10 to 12 in. 9d. pkt.
 184. *Elata Blue*.—Bright blue flowers. Hgt., 1½ ft. .. 6d. pkt.

CALCEOLARIA. Gr.A.

(Sow late Summer and Autumn.)

185. **Dalkeith Park Strain**.—A magnificent strain, producing blooms of large size. Seed should be sown in a box or pan in a glass house. Hgt., 1½ ft. .. 2/6 pkt.

CALENDULA

H.A. (Sow Spring to Autumn.)

Collection of 6 Varieties for 2/6; 12 Varieties, 4/6; Bulk Packets, 1/6 each. Hgt., 1½ to 2 ft.

186. **Apricot Queen**.—Bright apricot shade .. 6d. pkt.
187. **Ball's Apricot**.—Rich straw or apricot colour .. 6d. pkt.
188. **Campfire Improved**.—Deep orange, long stems .. 6d. pkt.
189. **Chrysanthia (Sunshine)**.—Double Chrysanthemum-flowered, Flowers, clear buttercup yellow .. 6d. pkt.
190. **Chrysanthia (Twilight)**.—See Novelty and Specialty pages.
191. **Cockade**.—Bright orange, dark centre .. 6d. pkt.
192. **Double Art Shades or Pastel Bedding Mixture** .. 6d. pkt.
193. **Gold Ball**.—Pure gold .. 6d. pkt.
194. **Golden Radio**.—Golden yellow, quilled petals .. 6d. pkt.
195. **Golden Shaggy**.—See Novelty and Specialty pages.
196. **Lemon Queen**.—Sulphur-yellow flowers .. 6d. pkt.
197. **Masterpiece**.—Orange with dark centre .. 6d. pkt.
198. **Market Tangerine**.—Deep tangerine orange, long stems .. 6d. pkt.
199. **Orange Fantasy**.—See Novelty and Specialty pages.
200. **Orange King Improved**.—Deep orange flowers .. 6d. pkt.
201. **Orange Shaggy**.—Deep orange, shading lighter in centre. Fringed petals .. 6d. pkt.
202. **Orange Sunshine**.—Bright orange .. 6d. pkt.
203. **Radio**.—Orange scarlet, quilled petals .. 6d. pkt.
204. **The Ball**.—Orange, light eye .. 6d. pkt.
205. **Choice Mixed** .. 6d. pkt.; bulk pkt. 1/6

CALLIOPSIS. (Sow Spring to Autumn.)

ANNUAL VARIETIES.

206. **Dazzler**.—Flowers maroon red, with broad golden yellow border. Hgt., 12 in.; extra good for bedding .. 6d. pkt.
207. **Drummond**.—Large yellow flowers. Hgt., 2 ft. .. 3d. pkt.
208. **Evening Star**.—Bright yellow, scarlet zone. Hgt., 2 ft. .. 6d. pkt.
209. **Golden Crown**.—See Novelty and Specialty pages.
210. **Lemon Queen**.—Tall lemon yellow, red zoned. Hgt., 2 ft. .. 6d. pkt.
211. **The Garnet**.—Glossy crimson scarlet. Hgt., 15 in. .. 6d. pkt.
212. **Tinctoria**.—Yellow and brown. Hgt., 2½ ft. .. 3d. pkt.
213. **Annual Sorts Mixed**.—Hgt., 2 ft. .. 3d. pkt.; bulk pkt. 1/-

CALLIOPSIS (Coreopsis). (Sow Spring to Autumn.)

PERENNIAL VARIETIES.

214. **Auriculata superba**.—Bright golden yellow with crimson zone. Hgt., 2½ ft. .. 6d. pkt.
215. **Grandiflora, fl. pl.**.—Yellow, semi-double. Hgt., 3 ft. .. 6d. pkt.
216. **Lanceolata**.—Bright golden yellow. Hgt., 2½ ft. .. 3d. pkt.
217. **Mayfield Giant**.—Large golden yellow. Hgt., 3½ ft. .. 6d. pkt.
218. **New Gold**.—See Novelty and Specialty pages.

CAMPANULA (Bell Flower). H.P.

(Sow Spring to Autumn.)

The shape of the flowers and form of plants resemble those of the well-known Canterbury Bells. They are exceedingly free blooming and most useful for cut flowers.

219. **Carpatia**.—Pretty blue flowers. Recommended for borders and rockeries. Hgt., about 1 ft. .. 6d. pkt.

368. Chinense Mixed.—Annual variety, containing a number of fine sorts. Hgt., 1½ ft. .. 3d. pkt.; bulk pkt., 1/-
369. Excelsior Strain, Mixed.—A superb type of the tall Perennial Delphiniums. Hgt., 5 ft. .. 6d. pkt.; bulk pkt., 1/6
370. Elatum Iceberg.—Long spikes thickly covered with large, pure white blooms. Hgt., 4 ft. .. 9d. pkt.

GRENDON GIANT HYBRIDS.

371. Our Grendon strain has been greatly admired, containing, as it does, all the shades of colour to be found in this class of flower. It is impossible to describe the beautiful colourings of the flowers; they range through all shades of blue, from the darkest to the most delicate shades, mauve, pink, amethyst, lavender tints, etc., merging into one another and giving a shot silk appearance to many of the flowers. Others are self-coloured in different tones of blue, some have white centre, others black or brown, the latter giving the spike of flowers the appearance of being covered with bees. Both the spikes and the individual blooms are exceptionally large. Hgt., 5 ft. .. 2/- pkt.; bulk pkt., 5/-

DIANTHUS. H.A. (Sow Spring to Autumn.)

Height, 1 to 1½ feet.

372. Chinense Double, Mixed (Indian Pink) .. 3d. pkt.
373. Gaity.—See Novelty and Specialty coloured pages.
374. Heddewigii compacta, Mixed.—A dwarf and large-flowered strain .. 6d. pkt.
375. Heddewigii nobilis, Mixed (Royal Pinks).—Flowers beautifully frilled and fringed .. 6d. pkt.
376. Heddewigii, Single Mixed .. 3d. pkt.; bulk pkt., 1/-
377. Highland Hybrids (New).—Splendid mixed .. 6d. pkt.
378. Laciniatus splendens.—Brilliant crimson, white eye .. 6d. pkt.

Dianthus—continued.

379. Laciniatus, Double Mixed .. 6d. pkt.
380. Single and Double Mixed .. 6d. pkt.; bulk pkt., 1/6
381. Superbissimus, Mixed.—Beautiful strain of single Dianthus of the Heddewigii type .. 6d. pkt.; bulk pkt., 1/6

DIDISCUS (Trachymene) Blue Lace Flower. H.A. (Sow Spring to Autumn.)

382. Cœruleus.—Charming annual with dainty lavender-blue flowers. Excellent for bedding, and a desirable cut flower. 2½ ft. .. 6d. pkt.

DIMORPHOTHECA (Star of the Veldt). H.A., H.P. (Sow Spring and Summer.)

Very showy and most useful plants for massing in beds and borders, flowering during the summer months.

383. Aurantiaca Hybrids, Mixed (Annual).—Flowers like Marguerite in appearance. Hgt., 1 ft. .. 6d. pkt.
384. Buff Beauty (Annual).—Buff apricot. Hgt., 3 ft. .. 1/- pkt.
385. Double Mixed (Annual).—Embracing many colours. 1 ft. .. 9d. pkt.
386. Eklonis (Perennial).—White Marguerite-like flowers. 2 ft. .. 9d. pkt.
387. Salmon Beauty (Annual).—Marguerite flowers. Hgt., 1 ft. .. 9d. pkt.

DOLICHOS. H.P.Cl. (Sow Spring and Autumn.)

388. Lignosus.—Purplish-pink flowers .. 3d. pkt.
389. Lignosus albus.—White flowers .. 3d. pkt.

371. Delphinium—Grendon Giant Hybrids

ESCHSCHOLTZIA (California Poppy). H.A. (Sow Spring to early Autumn.) Hgt., 1 ft.

Collection of 6 Varieties, 2/6.

390. Bridesmaid.—Soft coral pink shade .. 6d. pkt.
391. Fairy Queen.—Cochineal carmine shade .. 6d. pkt.
392. Firelight.—Rich orange-flame shade .. 6d. pkt.
393. Golden Glory, Double.—Golden yellow, orange centre .. 6d. pkt.
394. Golden West.—Deep golden yellow .. 6d. pkt.

WE ARE NOTED FOR OUR SPECIAL STRAINS OF DELPHINIUMS

Eschscholtzia—continued.

- 395. Mandarin.—Mandarin-orange shade 6d. pkt.
- 396. Masterpiece.—Pure rich mauve 6d. pkt.

- 402. Titania.—Primrose red, overlaid terra cotta 6d. pkt.
- 403. Choice Hybrids, Mixed .. 3d. and 6d. pkt.; bulk pkt., 1/6
- 404. New Blend, Mixed 6d. pkt.; bulk pkt., 1/6

ERIGERON. H.P. (Sow Spring to Autumn.)

Very handsome, hardy, perennial plants with Daisy-like flowers, suitable for cutting.

- 405. Azure Beauty Double.—Blue flowers. Hgt., 2½ ft. .. 1/- pkt.
- 406. Speciosus Hybrid grandiflorum.—Rosy-lilac flowers. Hgt., 2 ft. 6d. pkt.

FELICIA (Kingfisher Daisy). H.P.

(Sow Spring to Autumn.)

Suitable for rock gardens or edgings.

- 407. Rotundifolia.—Sky-blue Daisy-like flowers. Hgt., 6 in. 6d. pkt.

FOXGLOVE (Digitalis). H.P.

(Sow Spring to Autumn.) Hgt., 4 ft.

- 408. Large-flowered, Mixed 3d. pkt.; bulk pkt., 1/-
- 409. The Shirley.—Magnificent strain, pure white to deepest rose. 6d. pkt.

FREESIA. H.P. (Sow Spring to Autumn.)

- 410. New Hybrids, Mixed.—Hgt., 1 ft. 6d. pkt.

GAILLARDIA (Blanket Flower). H.A. and H.P.

(Sow Spring to Autumn.) Hgt., 2½ to 3 ft.

- 411. Bremen.—Coppery-scarlet, dark brown disc (perennial) 6d. pkt.
- 412. Dazzler.—Flowers large, bright golden yellow, with rich maroon-red centre (perennial) 6d. pkt.
- 413. Grandiflora, Mixed (Perennial) 3d. pkt.; bulk pkt., 1/-
- 414. Grandiflora Goblin.—Bright yellow, deep red centre. Hgt., 1 to 1½ ft. 9d. pkt.
- 415. Monarch Strain Mixed.—See Novelty and Specialty coloured pages.
- 416. Lorenziana, Mixed (Annual).—Double flowers. 3d. pkt.; bulk pkt., 1/-
- 417. Portola Hybrids.—This superb strain bears flowers of very large size, the colour ranging through shades of bronzy red with golden edges (perennial) 9d. pkt.; bulk pkt., 1/6

GAZANIA. H.P. (Sow Spring to Autumn.)

- 418. Splendens Hybrida grandiflora Mixed.—Daisy-like flowers, 2½ to 3 inches across. Useful for borders. Hgt., 6 to 8 in. 1/6 pkt.

GENTIANA. H.P. (Sow Spring to Autumn.)

Useful for rock work and edgings. Suitable for cool districts only.

- 419. Acaulis.—Rich ultramarine blue flowers. Hgt., 4 in. .. 6d. pkt.

GENISTA. H.P. (Shrubs). (Sow Spring to Autumn.)

All varieties mentioned can easily be grown from seed, and are splendid for garden decoration.

- 420. Andreana.—Crimson and yellow. Hgt., 5 ft. 6d. pkt.
- 421. Canariensis.—Pale yellow. Hgt., 6 ft. 6d. pkt.
- 422. Florida (syn. Fragrans).—Golden-yellow flowers. 5 ft. 6d. pkt.
- 423. Monosperma.—White flowers. Hgt., 10 ft. 6d. pkt.
- 424. Spartium Junceum (Spanish Broom).—Yellow; a well-known variety. Hgt., 6 ft. 6d. pkt.

GERBERA (South African Daisy). H.P.

(Sow Spring to Autumn.)

Gerberas require a warm situation with well-drained light soil. In cold climates the plants should be protected during the winter months.

- 425. Jamesoni Hybrids.—The seed offered is Australian saved, and can be relied on to be fresh. The colours include white, yellow, orange, gold, salmon, rose, ruby red, lavender, violet, and mauve, as well as the original scarlet Jamesoni. Hgt., 2 ft. 1/- pkt.

GEUM. H.P. (Sow Spring to Autumn.) Hgt., 2 ft.

Pretty free-flowering plants which are now most popular; they continue to bloom over a long period.

- 426. Mrs. Bradshaw.—Double scarlet 3d. pkt.
- 427. Lady Stratheden.—Golden yellow 6d. pkt.
- 428. Orange Queen.—Orange scarlet 9d. pkt.

GILIA. H.A. (Sow Spring to Autumn.)

Very free-flowering and showy annuals, useful for borders; and, when cut, the flowers last for a considerable time.

- 429. Capitata.—Sky-blue ball-shaped flowers. Hgt., 2 ft. .. 3d. pkt.
- 430. Coronopifolia.—Long spikes of scarlet flowers. Hgt., 2 ft. 1/- pkt.

456. Godetia—Single, Mixed

GLADIOLUS. H.P. (Sow Spring and Summer.)

- 431. Choice Mixed Hybrids.—Hgt., 3 ft. 6d. pkt.

GLOBE AMARANTHUS (Gomphrena), Everlasting.

H.A. (Sow Spring to Autumn.) Hgt., 1 ft.

The flowers closely resemble in shape clover blossoms; suitable for borders and useful for bouquets.

- Separate colours: 432. Golden Yellow; 433. Rose; 434. Purple; 435. White each 3d. pkt.
- 436. Mixed.—Splendid for beds or borders 3d. pkt.

GLOXINIA. Gr.P. (Sow Spring and Summer.)

- 437. Erect and Drooping Sorts, Mixed.—Sow the seed in a box or pan, and keep in a frame or glasshouse. Hgt., 9 in. .. 1/6 pkt.

GODETIA. H.A. (Sow Spring to Autumn.)

Collection of 6 Varieties for 2/6. Height, 1 to 1½ feet.

- 438. Azaleiflora, fl. pl.—Double pink flowers resembling an Azalea. 6d. pkt.
- 439. Azalea Show.—See Novelty and Specialty coloured pages.
- 440. Brilliant.—Double crimson flowers with white centre .. 6d. pkt.
- 441. Cattleya.—Light lilac, double flowers 6d. pkt.
- 442. Cherry Red.—Beautiful colour. Double 6d. pkt.
- 443. Charming.—Deep, satiny pink 6d. pkt.
- 444. Crimson Glow.—Dwarf habit, very showy 6d. pkt.
- 445. Dwarf Show Mixture.—Rich and effective colours .. 6d. pkt.
- 446. Gorgeous.—Vivid satiny crimson (single) 6d. pkt.
- 447. Kelvedon Glory.—See Novelty and Specialty coloured pages.
- 448. Lindleyana.—Double mauve flowers 6d. pkt.
- 449. Rosy Morn.—Double, bright pink shade 6d. pkt.
- 450. Ruby.—See Novelty and Specialty coloured pages.
- 451. Sweetheart.—A fine variety of dwarf-growing double Godetia; flowers shining pink, overlaid cream 6d. pkt.
- 452. Sybil Sherwood.—Single, bright salmon-pink shade .. 6d. pkt.
- 453. Sybil Sherwood.—Double, bright salmon pink 6d. pkt.
- 454. Pelargonium.—Single, bluish pink, blotched carmine .. 6d. pkt.
- 455. The Bride.—White, blotched crimson (single) 3d. pkt.
- 456. Tall Single Mixed 3d. pkt.; bulk pkt., 1/-
- 457. Tall Double Mixed 3d. pkt.; bulk pkt., 1/-

GRASSES, ORNAMENTAL. H.A.

(Sow Spring to Autumn.)

- 458. Agrostis nebulosa.—Graceful habit 3d. pkt.
- 459. Briza maxima (Large Quaking Grass) 3d. pkt.
- 460. Eragrostis elegans (Love Grass) 3d. pkt.
- 461. Tricholaena rosea.—Feathery panicles 3d. pkt.
- 462. Ornamental Grasses, Mixed 3d. pkt.; bulk pkt., 1/-

GYPSOPHILA (Baby's Breath). H.A. and H.P. (Sow Spring to Autumn.)

The best results will be obtained by sowing the seed of the annual varieties thinly where the plants are to remain. Much in demand for cutting and combining with other flowers for bouquets and vases.

- 463. *Elegans carminea*.—Crimson (annual). Hgt., 1½ ft. 3d. pkt.; bulk pkt., 1/-
- 464. *Elegans rosea*.—Deep rose (annual). Hgt., 1½ ft. 3d. pkt.; bulk pkt., 1/-
- 465. *Elegans grandiflora* (London Market Strain).—Pure white large flowers (annual). Hgt., 2½ ft. 3d. pkt.; bulk pkt., 1/-
- 466. *Elegans grandiflora alba* (Paris Market Strain).—Pure white flowers (annual). Hgt., 2 ft. 3d. pkt.; bulk pkt., 1/-
- 467. *Oldhamiana*.—Pure rose pink (perennial). Hgt., 3 ft. 6d. pkt.

HELICHRYSUM MONSTROSUM (Everlasting Flower). H.A. (Sow Spring to Autumn.) Height, 2½ feet.

- 468. Double Mixed.—Suitable for cutting. 3d. pkt.; bulk pkt., 1/-
- Separate Colours:
- 469. Silvery Pink; 470. Crimson; 471. Rose; 472. Salmon; 473. Purple; 474. Golden.
- 6d. pkt. each; Collection of 6 Named Varieties for 2/6.

HELIOTROPE (Cherry Pie). H.H.P. (Sow Spring and Summer.)

Popular sweet-scented bedding plants; the blooms are produced nearly the whole year round.

- 475. Regale, Mixed.—Old English Heliotrope. Hgt., 2 ft. 6d. pkt.

HELLEBORUS. H.P. (Sow Spring to Autumn.)

Very attractive plants bearing buttercup-like flowers. They like a shady position, and look effective when grown in clumps.

- 476. Mixed Hybrids (Christmas Roses).—Splendid winter-flowering plants. Hgt., 1½ ft. 6d. pkt.

HELENIUM. H.P. (Sow Spring to Autumn.)

Free-blooming plants of tall, bushy growth, which are a mass of colour during the autumn months.

- 477. *Autumale superbum*.—Golden yellow. Hgt., 4 ft. 9d. pkt.
- 478. *Bigelowi*.—Golden yellow, black zone. Hgt., 2½ ft. 9d. pkt.
- 479. *Riverton Beauty*.—Yellow, black zone. Hgt., 3 ft. 1/- pkt.
- 480. *Riverton Gem*.—Orange, dark zone. Hgt., 3 ft. 9d. pkt.

HEUCHERA (Coral Bells). H.P.

(Sow Spring to Autumn.)

Particularly suitable for a permanent border. The flowers remain in bloom for a long period, and are useful for cutting for house and table decoration.

- 481. *Sanguinea*.—Rich coral red flowers. Hgt., 1½ ft. 6d. pkt.
- 482. *Hybrida, Mixed*.—Hgt., 1½ ft. 6d. pkt.

HOLLYHOCK. H.P. (Sow Spring to Autumn.) Height, 5 to 6 feet.

- 483. *Allegheny, Mixed*.—Semi-double annual variety 6d. pkt.
- 484. *Annual Double Scarlet Beauty*.—See Novelty and Specialty pages.
- 485. *Chater's Double Prize Strain, Mixed*.—Saved from the finest selected varieties 6d. pkt.
- 486. *Double Imperator*.—Large fringed rosette flowers 6d. pkt.
- 487. *Double-flowering, Mixed* 6d. pkt.
- 488. *Double Triumph, Mixed*.—Waved fringed flowers 9d. pkt.
- 489. *Single, Mixed*.—A choice strain 6d. pkt.

HONESTY (Satin Flower). (See Lunaria.)

HUNNEMANNIA (Mexican Poppy). H.P.

(Sow Spring to Autumn.) Hgt., 1½ ft.

The *Hunnemannia* will not stand transplanting, and seed must be sown thinly where the plants are to remain.

- 490. *Fumariaefolia*.—Excellent for cut bloom. Bright lemon yellow Tulip-shaped flowers 6d. pkt.; bulk pkt., 1/6
- 491. *Sunlite* (Semi-Double).—Bright canary yellow Tulip-shaped flowers 6d. pkt.

IBERIS (Perennial Candytuft). H.P.

(Sow Spring to Autumn.)

- 492. *Gibraltarica*.—Lilac. Hgt., 1 ft. 3d. pkt.; bulk pkt., 1/-

IONOPSIDIUM. H.A. (Sow Spring to Autumn.)

- 493. *Acaule* (Violet Cress).—A delightful little bedding plant growing about 4 inches high. Flowers white, tinged violet. 6d. pkt.; bulk pkt., 1/6

IPOMÆA (Morning Glory). H.A.Cl. and H.P.Cl.

(Sow Spring to Autumn.)

- 494. *Cardinalis*.—Dazzling shade of cardinal red. H.A. 6d. pkt.
- 495. *Leari*.—Violet-blue flowers. H.P. 6d. pkt.
- 496. *Scarlett O'Hara*.—See Novelty and Specialty pages.
- 497. *Clark's Heavenly Blue*.—See Novelty and Specialty pages.

JACOBÆA. H.A. (Sow Spring to Autumn.)

Free-flowering hardy annuals producing dense heads of bloom; valuable for bedding and for cut flowers.

- 498. Double Mixed.—Hgt., 2 ft. 6d. pkt.; bulk pkt., 1/6

KOCHIA (Summer Cypress). H.H.A.

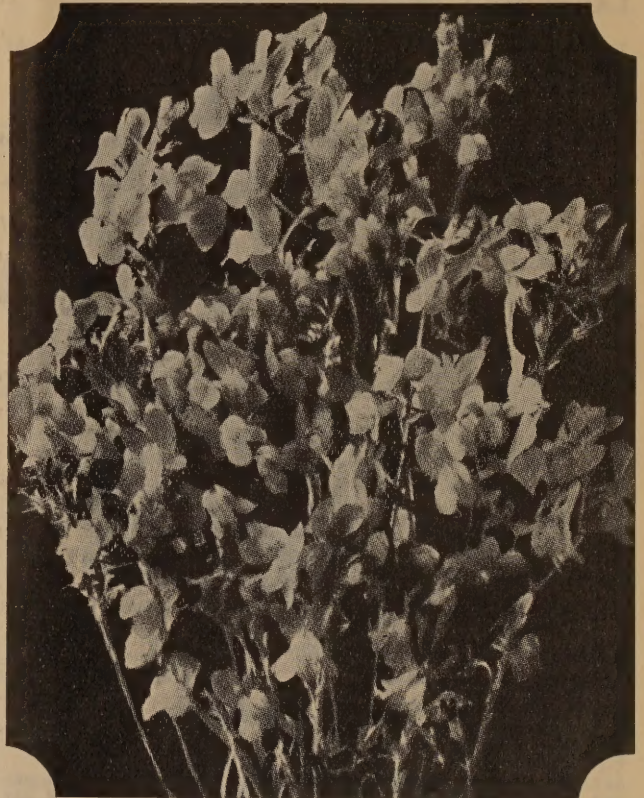

(Sow Spring and Summer.)

- 499. *Tricophylla Childsii*.—Summer annual foliage plant, which changes in the autumn to blood red. Hgt., 3 ft. 3d. pkt.; bulk pkt., 1/-

KUDZU VINE. (See Pueraria Thunbergia.)

LANTANA. H.P. (Sow Spring to Autumn.) Hgt., 1 ft.

- 500. Dwarf Compact Hybrids.—Extremely useful for bedding. 6d. pkt.

539. *Linaria*—Fairy Bouquet, Mixed (see page 14)

LARKSPUR

DOUBLE TALL STOCK FLOWERED.

H.A. (Sow Spring to Autumn.) Hgt., 4 ft.

Collection of 6 Varieties, 1/3.

- 501. *Admiration*.—Deep lilac 3d. pkt.
- 502. *Azure Beauty*.—Azure or sky blue 3d. pkt.
- 503. *Empress Rose*.—A rich rhodonite pink, changing to pink 6d. pkt.
- 504. *Grandee*.—See Novelty and Specialty pages.
- 505. *Glen Eira*.—Bright violet 3d. pkt.
- 506. *La France*.—Salmon pink 6d. pkt.
- 507. *Lord Nelson*.—Dark blue 3d. pkt.
- 508. *Orestes*.—Pure white 3d. pkt.
- 509. *Rosamond*.—Pure bright rose. Hgt., 6 ft. 6d. pkt.
- 510. *Rosy Scarlet*.—A beautiful shade 6d. pkt.
- 511. *Tempest*.—See Novelty and Specialty pages.
- 512. *Zurlinga*.—Rosy mauve 3d. pkt.
- 513. *Mixed*.—Fine range of colours 3d. pkt.; bulk pkt., 1/-

LARKSPUR DWARF EMPEROR.

- 514. *Enchantress*.—Soft salmon-pink flowers. Hgt., 2 ft. 6d. pkt.
- 515. *Mixed*.—Hgt., 2 ft. 3d. pkt.; bulk pkt., 1/-

LARKSPUR, GIANT IMPERIAL.

Collection of 6 Varieties, 2/6.

These Larkspurs are ideal for cut flowers as the flower stems, which are from 3 to 4 feet long, branch from the base of the plant.

Larkspur, Giant Imperial—continued.

- | | |
|--|---------------------------|
| 516. Apple Blossom.—Blush white | 6d. pkt. |
| 517. Blue Spire.—Intense deep Oxford blue | 6d. pkt. |
| 518. Blue Cockade.—Rich Mac blue | 6d. pkt. |
| 519. Carmine King.—Deep carmine-rose flowers | 6d. pkt. |
| 520. Cinnabar Cockade.—See Novelty and Specialty coloured pages. | |

| 526. Lilac Spire.—Lilac | 6d. pkt. |
| 527. Miss California.—Deep pink, shaded salmon | 6d. pkt. |
| 528. Peach Blossom.—Clear light pink | 6d. pkt. |
| 529. Mixed | 6d. pkt. ; bulk pkt., 1/6 |

LAVANDULA (Lavender). H.P.

(Sow Autumn and Spring.)

530. True English Lavender.—Useful for sachets, etc. 1½ ft. 6d. pkt.

LAVATERA (Annual Mallow). H.A.

(Sow Spring to Autumn.)

Useful border annuals resembling single Hollyhocks. They bloom profusely during the summer, and are splendid for cut flowers.

531. Splendens, Loveliness.—Deep rose pink. Hgt., 2½ ft. 6d. pkt.

LEPTOSYNE (Winter-flowering Marguerite). H.A.

(Sow Spring to early Autumn.)

Flowers during the winter and early spring.

532. Golden Rosette.—See Novelty and Specialty pages.
533. Maritima.—Golden-yellow flowers. Hgt., 2 ft. 3d. pkt.

LEUCOCORYNE (Glory of the Sun). H.P.

(Sow Spring to Autumn.)

534. *Ixioides odorata*.—Large fragrant blue flowers with white centre, carried on wiry 18-inch stems. Small bulbs are formed from which new growth is made each season. Hgt., 1½ ft. 1/- pkt.

LILIUM. H.P. (Sow Spring to Autumn.)

Sow Lily seed in a cool position. Hgt., 4 ft.

535. Auratum (Golden-rayed Lily of Japan).—The seed takes 12 months to germinate 1/- pkt.
536. Regale (Royal Lily of China).—Flowers creamy white, shaded rose. Seed takes from 3 to 4 weeks to germinate 6d. pkt.

LINARIA (Toad Flax). H.A. and H.P.

(Sow Spring to Autumn.)

537. *Cymbalaria (Kenilworth Ivy)*.—Perennial trailing plant, dainty mauve flowers. Suitable for rockeries 6d. pkt.
538. Excelsior Strain (Reselected), Mixed (Annual).—Hgt., 1 ft. 3d. pkt. ; bulk pkt., 1/-
539. Fairy Bouquet Mixed.—Re-selected strain, great variety of colours (annual). Hgt., 1 ft. 6d. pkt.
540. *Reticulata aurea purpurea* (Annual).—Yellow and purple flowers. Hgt., 1 ft. 3d. pkt.

LINUM (Flax). H.A. (Sow Spring to Autumn.)

541. *Ceruleum*.—Blue flowers. Hgt., 15 in. 3d. pkt.
542. *Grandiflorum rubrum*.—Flowers scarlet. Hgt., 1½ ft. 3d. pkt.

LOBELIA. H.H.A. (Sow Spring to Autumn.)

For borders, edgings, and rockeries. Hgt., 4 to 6 in.

543. Azurea.—Light azure blue 6d. pkt.
544. Blue Stone (Reselected).—Clear blue flowers 6d. pkt.
545. Crystal Palace compacta.—Flowers rich deep blue. 6d. pkt. ; bulk pkt., 1/6
546. *Hybrida Pendula Sapphire*.—Deep blue with white eye. Trailing variety 6d. pkt.
547. *Hybrida Pendula Hamburgia*.—Sky-blue, white eye. Trailing variety 6d. pkt.
548. *Hybrida Pendula Miranda*.—Rosy purple, white eye. Trailing variety 6d. pkt.

LUNARIA (Honesty). H.B. (Sow Spring to Autumn.)

549. Mixed Colours.—Ornamental silvery seed pods which, when dried, are used for decorative purposes. Hgt., 4 ft. 3d. pkt.

LUPINS

PERENNIAL VARIETIES.

(Sow Spring to Autumn.) Hgt., 2 to 3 ft.

550. Arboreus, Snow Queen 6d. pkt.
551. Arboreus, Yellow Prince 6d. pkt.
552. Grendon Modern Strain.—Colours ranging through all shades of blue, pink, yellow, salmon, apricot, white, biscuit, terra cotta, and amethyst, in self colours and in combinations of the shades mentioned 9d. pkt. ; bulk pkt., 1/6
553. Downer's Hybrids, Mixed.—The colours comprise lovely self tints as well as rich, full shades 6d. pkt. ; bulk pkt., 1/6
554. Elliott's Sweet-scented, Mixed.—A beautiful strain, embracing a wide range of colours 6d. pkt. ; bulk pkt., 1/6
555. Russell Lupins.—See Novelty and Specialty coloured pages.

582. Marigold—Sunset Giants, Mixed (see page 15)

LUPINS ANNUAL VARIETIES.

(Sow Spring to Autumn.)

556. Blue Pearl.—Deep blue. Hgt., 3 ft. 3d. pkt. ; bulk pkt., 1/-
557. Texanus (Texas Blue Bonnet).—Rich blue flowers. 1 ft. 6d. pkt.
558. Hartwegii Giants, Mixed.—Improved strain. Hgt., 3 ft. 6d. pkt.
559. Luteus Romulus.—Rich canary yellow, sweetly perfumed. Hgt., 1 ft. 6d. pkt.
560. Pink Pearl.—A popular colour. 3 ft. 3d. pkt. ; bulk pkt., 1/-
561. Finest Mixed.—Hgt., 2 ft. 3d. pkt. ; bulk pkt., 1/-

LYCHNIS. H.P. (Sow Spring to Autumn.)

Very showy herbaceous plants with brilliant coloured flowers.

562. Chalcidonica.—Dense heads of scarlet flowers. Hgt., 3 ft. 3d. pkt.
563. Salmon Queen.—Salmon pink flowers. Hgt., 1½ ft. 6d. pkt.

MACHAERANTHERA. H.A.

(Sow Spring to Autumn.)

564. *Tanacetifolia* (Tahoka Daisy).—See Novelty and Specialty coloured pages.

MALOPE. H.A. (Sow Spring to Autumn.)

Large and very showy flowers, of the easiest culture. Well adapted for large beds and borders.

565. Mixed.—Showy border Annuals. Hgt., 2½ ft. 3d. pkt.

MANDEVILLA. H.P.Cl. (Sow Spring to Autumn.)

566. *Suaveolens*.—Vigorous-growing climber with white trumpet-shaped flowers, which are very fragrant 6d. pkt.

MARIGOLD

H.H.A. (Sow Spring and Summer.)

AFRICAN VARIETIES.

567. African, All-double, Lemon.—Hgt., 3 ft. 6d. pkt.
568. African, All-double, Orange.—Hgt., 3 ft. 6d. pkt.
569. African, All-double, Mixed.—3 ft. 6d. pkt. ; bulk pkt., 1/6
American Beauty. 570. Orange; 571. Golden Orange; 572. Yellow; and 573. Mixed.—See Novelty and Specialty pages.
574. African, Yellow Supreme.—Dazzling lemon, overlaid buff. Hgt., 3 ft. 6d. pkt.

606. **Goliath.**—Colour, bright red 6d. pkt.
607. **Incomparable.**—Dark red flowers 9d. pkt.
608. **Machet Improved Selected Strain.** 6d. pkt.; bulk pkt., 1/6
609. **Orange Queen.**—Distinct; very fragrant 6d. pkt.
610. **Red Giant.**—Large flowers 6d. pkt.
611. **Red Monarch.**—Bright red, broad spikes 6d. pkt.
612. **White Pearl.**—Very floriferous 6d. pkt.
613. **Large Flowering Sweet-scented.** 3d. pkt.; bulk pkt., 1/-

MIMOSA. H.H.P. (Sow in Spring and early Summer.)

614. **Pudica (Sensitive Plant).**—Pink flowers, leaves close if touched or shaken. Hgt., 1½ ft. 3d. pkt.

MIMULUS (Monkey Musk). H.P.

(Sow Spring to Autumn.)

Attractive, large, tubular flowers beautifully tigred and blotched in many colours. Suitable for bedding and edgings; prefers a moist, shady situation. Hgt., about 1 ft.

615. **Clapham's Superb Strain, Mixed** 6d. pkt.
616. **Moschatus (Musk).**—Sweet-scented old English Musk, bright yellow flowers 6d. pkt.
617. **Monarch Strain Mixed.**—Giant flowers, wonderful range of colours 1/- pkt.
618. **Red Emperor.**—Crimson scarlet. Hgt., 8 in. 1/- pkt.

MINA. H.A.Cl. (Sow late Spring and early Summer.)

619. **Lobata.**—A climber of distinct merit, growing 15 to 20 feet. Orange red in bud, opening creamy white 6d. pkt.

MYOSOTIS (Forget-me-not). H.P.

(Sow Spring to Autumn.) Hgt., 1 ft.

620. **Alpestris Blue Ball.**—Rich indigo blue. Large flowered. 9d. pkt.
621. **Alpestris Royal Blue (Re-selected).**—Deep indigo blue. 9d. pkt.
622. **Oblongata Blue Bird.**—Deep blue 6d. pkt.
623. **Oblongata perfecta.**—Deep sky blue flowers borne on long stems. If sown early after Christmas, this variety will flower in the winter 6d. pkt.
624. **Ruth Fischer.**—Pure Forget-me-not large blue flowers. 9d. pkt.

626. **Nasturtium—Dwarf, Double, Gem Mixture**

NASTURTITIUM

H.H.A. (Sow Spring and Summer.)

DOUBLE, SEMI-DWARF, SWEET-SCENTED

Average height about 1 foot.

Collection of 6 Named Varieties for 2/6; Bulk Packets, 1/6 each.

625. **Dwarf, Double, Sweet-scented Golden Globe** 6d. pkt.
626. **Dwarf, Double, Gem Mixture.**—Dwarf, compact habit, sweet-scented double flowers. Hgt., 8 in. 6d. pkt.
627. **Indian Chief.**—See Novelty and Specialty coloured pages.
628. **Double Mahogany.**—Dark mahogany red 6d. pkt.
629. **Double Moon Beam.**—Soft primrose 6d. pkt.
630. **Double Moon Gleam.**—Light golden cream 6d. pkt.
631. **Double, Orange Gleam.**—Glowing orange shade 6d. pkt.
632. **Double, Golden Gleam.**—Rich golden yellow 6d. pkt.
633. **Double, Scarlet Gleam.**—Orange scarlet 6d. pkt.
634. **Double, Salmon Gleam.**—Salmon shade 6d. pkt.
635. **Double, Gleam Hybrids, Finest Mixed.** 6d. pkt.; bulk pkt., 1/6
636. **Double Sun Gleam.**—Lemon yellow 6d. pkt.
637. **Double Supreme.**—Salmon cerise 6d. pkt.

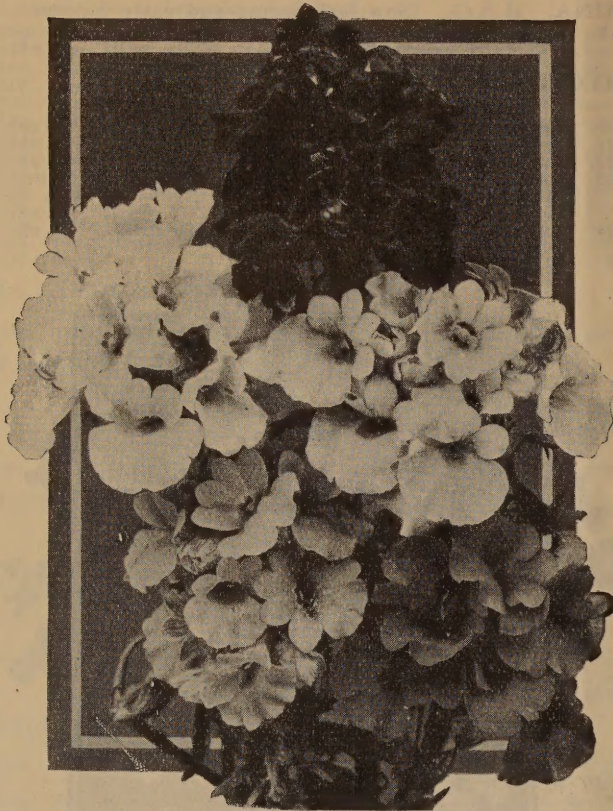

DWARF OR TOM THUMB VARIETIES.

638. **Bronze Queen.**—Unusual shade 3d. pkt.
639. **Golden Queen.**—Golden foliage, bright yellow flowers 3d. pkt.
640. **Empress of India.**—Crimson scarlet 3d. pkt.
641. **Lilliput Dwarf Mixed.**—The flowers and leaves are small, but the colours are extremely brilliant and range from yellow and deep red to almost black; very free blooming 6d. pkt.
642. **Tom Thumb, Variegated-leaved Mixed.**—The flowers are similar to the ordinary kind, but the foliage is prettily variegated white and green 6d. pkt.; bulk pkt., 1/6
643. **Vesuvius.**—Apricot. Dark leaves 3d. pkt.
644. **Mixed.**—Excellent for bedding 3d. pkt.; bulk pkt., 1/-

Climbing Varieties. H.H.A. (Sow Spring and Summer.)

645. **Tall Mixed** 3d. pkt.; bulk pkt., 1/-
646. **Tall Variegated-leaved Mixed.**—The flowers are similar to the ordinary varieties; foliage is a variegated green and white. 6d. pkt.

VISITORS ARE CORDIALLY INVITED TO VISIT OUR BRIGHTON NURSERIES PHONE X4310 15

652. *Nemesis*—*Strumosa Suttoni grandiflora*, Mixed

NEMESIA. H.A. (Sow Spring to Autumn.)

These showy annual plants are especially useful for bedding purposes and for bordering. If the seed is sown early in the autumn the plants will flower throughout the winter and spring months, or seed may be sown in the spring for a summer and autumn display. For the best results, sow where the plants are to remain or transplant when the seedlings are small. They almost compare with *Phlox Drummondii* for variety of colours. Hgt., 1 ft.

Strumosa Suttoni grandiflora.—647. Blue, 9d. pkt.; 648. Cherry Red, 9d. pkt.; 649. Orange, 9d. pkt.; 650. Rose, 9d. pkt.; 651. Scarlet, 9d. pkt.; 652. Mixed, 6d. pkt.

Bulk pkts., 1/6 and 2/6
653. *Grandiflora nana compacta Triumph Mixed*.—Large-flowered strain. Hgt., 8 in. 9d. pkt.; bulk pkt., 2/-

654. *Nana compacta grandiflora Blue Gem*.—Hgt., 8 in. 9d. pkt.; bulk pkt., 2/-

655. *Nana compacta grandiflora White Queen*. 9d. pkt.; bulk pkt., 2/-

NEMOPHILA. H.A. (Sow Autumn and Spring.)

Pretty dwarf-growing annuals suitable for edging and rock gardens. Seed should be sown in the open ground where the plants are to remain. Hgt., 8 in.

656. *Insignis*.—Deep sky-blue flowers .. 3d. pkt.; bulk pkt., 1/-
657. *Mixed*.—Useful for borders .. 3d. pkt.; bulk pkt., 1/-

NEPETA (Cat Mint). H.P. (Sow Spring to Autumn.)

658. *Mussini*.—Useful for rock gardens and edgings; pale mauve flowers .. 6d. pkt.

NICOTIANA (Tobacco Plant). H.P.

(Sow Spring to Autumn.)

A lovely border plant with tubular flowers which are very fragrant at night. Hgt., 2½ ft.

659. *Affinis*.—Pure white .. 3d. pkt.
660. *Crimson Bedder*.—Deep carmine red colour .. 6d. pkt.
661. *Hybrids, Mixed*.—Contains a wide range of colours .. 6d. pkt.

NIEREMBERGIA. H.P. (Sow Spring to Autumn.)

662. *Hippomanica*.—See Novelty and Specialty coloured pages.

NIGELLA (Love-in-a-Mist). H.A.

(Sow Spring to Autumn.)

A pretty, hardy annual with finely cut foliage and curious flowers entirely surrounded by feathery masses of green foliage. Hgt., 1½ ft.

Nigella—continued.

663. *Dragon Fly*.—Deep dark blue .. 6d. pkt.
664. *Miss Jekyll Improved*.—Bright cornflower blue .. 6d. pkt.
665. *Miss Jekyll, White* .. 3d. pkt.
666. *Fine Mixed* .. 3d. pkt.; bulk pkt., 1/-

ÆNOTHERA (Evening Primrose). H.A.

(Sow Spring and Autumn.)

Very useful for mixed beds and borders.

667. *Afterglow*.—An improved variety. The bright red calyx intensifies the yellow of the flower. Hgt., 3 ft. .. 6d. pkt.

PANSY

OUR GREAT SPECIALTY.

H.A. (Sow from January to September.)

We make Pansies one of our specialties, and spare neither expense nor trouble in procuring direct from the growers the finest strains obtainable.

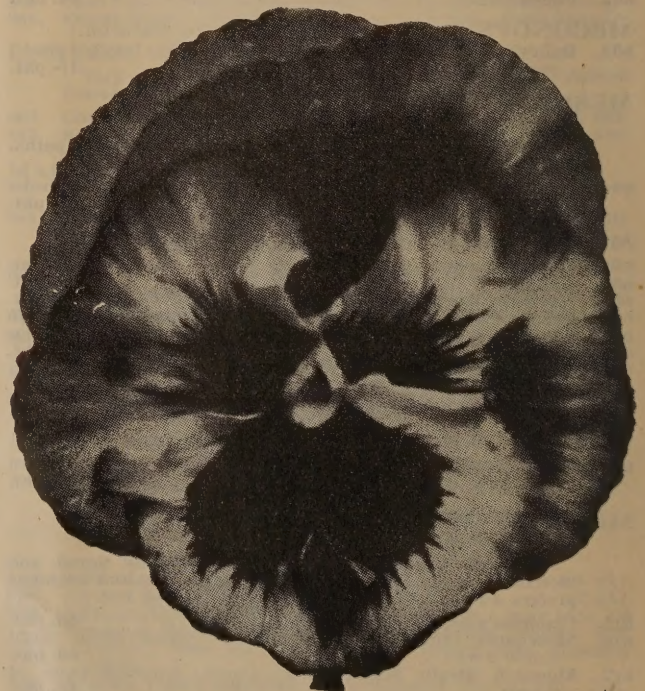

ROGGLI'S GIANTS IMPROVED EXHIBITION STRAIN.
Awarded Prizes Wherever Shown.

668. The flowers of this improved strain are of enormous size, measuring from 3 to 3½ inches in diameter. They are perfectly round, with overlapping petals borne on long stalks well above the remarkably luxuriant foliage. It is not only the size of the flowers that makes these Pansies so attractive, but the glorious shades of colour, and their exceptional brilliancy, many of them possessing a velvety sheen, which greatly enhances their beauty. Practically all flowers are 3 to 5 blotched .. 1/6, 2/6, and 5/- pkt.

ROGGLI'S GIANTS IMPROVED EXHIBITION STRAIN.
Separate Colours.

Collection of 6 Separate Colours for 7/6.

669. *Alpenglow*.—Rich ruby-red flowers .. 1/6 pkt.
670. *Berna*.—Violet-blue flowers, with dark centre .. 1/6 pkt.
671. *Mont Blanc*.—White, with violet blotch .. 1/6 pkt.
672. *Rhinegold*.—Canary yellow, with dark blotches .. 1/6 pkt.
673. *Ullswater*.—Dark blue, large black blotches .. 1/6 pkt.
674. *Yellow Queen*.—Pure yellow flowers .. 1/6 pkt.
675. *Bath's Empress, Special Strain, Mixed*.—Large flowers of strong texture and of striking and rich colours. Splendid for exhibition .. 1/6, 2/6, and 5/- pkt.
676. *Coronation Gold*.—See Novelty and Specialty pages.
677. *Engleman's Giants*.—Flowers of exceptional size, embracing a wide range of colourings .. 2/- pkt.
678. *Engleman's Exhibition Strain*.—A special mixture of Giant Exhibition Pansies, each petal being marked with a distinct edge .. 2/- pkt.

668. Pansy—Roggli's Giants, Improved Exhibition Strain

Pansy—continued.

679. **English and Scotch, Mixed.**—A very choice strain for ordinary purposes **1/6 pkt.**
680. **Giant Orchid-flowered.**—See Novelty and Specialty pages.
681. **Incomparable Mixed.**—This is a well-blended mixture of the best strains of large-flowered Exhibition Pansies, such as Roggli's Giants, Bath's Empress, and other English and Continental strains, which cannot fail to give satisfaction **2/6 and 5/- pkt.**
682. **Masterpiece Mixture.**—A superb class of blotched Pansies with large undulated or curled blooms in a splendid range of colours, the dark shades predominating **1/- pkt.; bulk pkt., 2/6**
683. **Non Plus Ultra.**—A very rich and varied mixture of good quality Pansies which we can thoroughly recommend for making a brilliant garden display **1/- pkt.; bulk pkt., 2/6**
684. **Scotch Show Mixed.**—Finest selected strain of Scotch Show Pansies **2/- pkt.**
685. **Super Maple Leaf Giant.**—Large flowers, vigorous growth, distinct foliage **2/- pkt.**
686. **Fine Mixed.**—Fine strain of bedding Pansies. **6d. pkt.; bulk pkt., 1/6**

WINTER-FLOWERING PANSIES.

If seed of this strain is sown from December to February (the earlier the better), the plants will produce their large flowers in great profusion in the winter and will continue to bloom throughout the spring and summer. When the value of this class of Pansy for winter display is fully realised, they are destined to become very popular. They are exceedingly free flowering, which adds to their usefulness for bedding or bordering purposes. A bed of the beautiful azure blue coloured variety, "Celestial Queen," bordered with "Winter Sun" (yellow) is most effective. When planting for a winter display, select a warm, open position, if possible.

- Collection of 8 Named Varieties for 3/6; Bulk Packets, 1/6 each.
687. **Amber Jewel.**—Deep amber, red eye **6d. pkt.**
688. **Arctic King.**—Snow-white flowers **6d. pkt.**
689. **Blue Boy.**—Silver lilac flowers **6d. pkt.**
690. **Celestial Queen.**—The most popular of the winter-flowering varieties. Like all the varieties belonging to this class, it is very free flowering. Colour a delightful shade of azure blue. **6d. pkt.**
691. **Claret.**—Popular shade **6d. pkt.**
692. **Fire King.**—Yellow and brown bicolor **6d. pkt.**
693. **Helios.**—Colour pure yellow **6d. pkt.**
694. **Ice King.**—Pure white, dark centre **6d. pkt.**
695. **Marchioness.**—Dark velvety purple **6d. pkt.**
696. **Mars.**—Dark cornflower blue **6d. pkt.**
697. **Night.**—Jet-black flowers **6d. pkt.**
698. **Northern Light.**—Upper petals dark purple; lower, white, dark eyed **6d. pkt.**
699. **Paringa.**—Rich purplish violet, shading from pale blue to white. **6d. pkt.**
700. **Winter Sun.**—Golden yellow, dark blotch **6d. pkt.**
701. **Winter Flowering Mixed** **6d. pkt.; bulk pkt., 1/6**

TRIMARDEAU PANSIES.

The Collection of 7 Named Varieties for 3/-; Bulk Packets, 1/6 each.

702. **Azure Blue.**—Pale blue flowers **6d. pkt.**
703. **Fire King.**—Crimson and gold **6d. pkt.**
704. **Freya.**—Silver-edged variety **6d. pkt.**
705. **King of Blacks.**—Black **6d. pkt.**
706. **Lord Beaconsfield.**—Violet, shading to white **6d. pkt.**
707. **Snowflake.**—Pure white **6d. pkt.**
708. **Vulcan.**—Mahogany crimson **6d. pkt.**
709. **White King.**—White, purple eye **6d. pkt.**
710. **Yellow Queen.**—Yellow, black eye **6d. pkt.**
711. **Trimardeau Giant Mixed.**—All colours. **6d. pkt.; bulk pkt., 1/6**

VARIOUS NAMED PANSIES.

712. **Fairy Queen.**—Flowers azure blue with white edge **6d. pkt.**
713. **Madame Perret (Reselected).**—Attractive blend of wine-coloured tones, with lighter shaded edges **6d. pkt.**
714. **Orange King.**—Lower petals vivid orange, upper petals shaded apricot **9d. pkt.**
715. **Prince Bismarck.**—Light brown, black eye **6d. pkt.**

PASSIFLORA. H.P. Climber.

(Sow late Spring and early Summer.)

716. **Edulis (Passion Fruit).**—The edible variety, white flowers. **3d. pkt.; bulk pkt., 1/-**
717. **Perfecta Giant Mammoth.**—Improved giant-fruited type. **6d. pkt.**

PEA (Everlasting). A.S. Perennial Climber.

718. **Pink Beauty.**—Rose-pink flowers **6d. pkt.**
719. **Pubescens.**—Blue flowers **6d. pkt.**
720. **Red.**—Popular colour **3d. pkt.**
721. **White.**—Large flowers **6d. pkt.**
722. **Mixed Colours** **3d. pkt.**

PELARGONIUM. H.P. (Sow Spring to Autumn.)

723. **Zonale, Finest Mixed.**—Seed saved from selected named varieties. Hgt., 1½ ft. **6d. pkt.**

PENTSTEMON. H.P. (Sow Spring to Autumn.)

724. **Grandiflora, Mixed (Giant Flowering).**—The flowers are of particularly large size, almost as large as a Gloxinia. 2½ ft. **9d. pkt.**
725. **Heterophyllus (Blue Gem).**—Suitable for borders and rockeries. Hgt., 1½ ft. **9d. pkt.**

PERILLA. H.H.A. (Sow in Spring and early Summer.)
Ornamental foliage plants, very useful for beds or ribbon borders.

726. **Nankinensis.**—Rich bronze foliage. Hgt., 2 ft. **6d. pkt.**

PETUNIAS

ONE OF OUR SPECIALTIES.

H.A. (Sow Spring and Summer.) Hgt., 1 to 1½ ft.

727. **Fluffy Ruffles.**—Large flowers with fluffy and ruffled edges. **2/- pkt.**
728. **Grendon Ruffled Giants (Exhibition Strain).**—A very large-flowered strain of Single superbissima class of Petunias with wide overlapping beautifully ruffled petals. The throats of the flowers are wide and tigred, and the range of colours is exceedingly large. **2/6 and 5/- pkt.**
729. **Grendon Frilled Pink.**—Beautifully frilled flowers of a lovely bright pink shade **1/- pkt.**
730. **The Giants of California (Our Special Strain).**—These bear flowers of up to 5 inches in diameter. The flowers are beautifully ruffled and frilled **1/6 and 2/6 pkt.**
731. **Single-fringed Fimbriata, Mixed.**—Flowers ruffled and fringed. **1/6 pkt.**
732. **Giant Double-seeding, Mixed** **2/6 pkt.**

BEDDING VARIETIES.

Average Height, 12 to 18 inches.

733. **Flaming Velvet.**—Rich velvety crimson. All America Gold Medal winner **1/- pkt.**
734. **Grendon Lacy Frills.**—Dwarf mixed. Fringed flowers in a great variety of colours **2/- pkt.**
735. **Nana compacta grandiflora Velvet Ball.**—See Novelty and Specialty coloured pages. **6d. pkt.**
736. **Nana compacta Rose Queen.**—Improved brilliant rose. **6d. pkt.**
737. **Nana compacta Snowball.**—White, compact growth **6d. pkt.**
738. **Nana compacta, Mixed.**—Plants grow 8 to 10 in. high. **9d. pkt.**
739. **Rosy Morn.**—Rosy pink, white throat. **3d. pkt.; bulk pkt., 1/-**
740. **Rose of Heaven Improved.**—Brilliant rose. **6d. pkt.; bulk pkt., 1/6**
741. **Rose King Improved.**—Rich rose with a delicate light golden throat **1/- pkt.**

728. Petunia—Grendon Ruffled Giants (Exhibition Strain)

742. **Setting Sun.**—Brilliant rose-pink fringed flowers. Dwarf, compact habit **1/6 pkt.**
743. **Silvery Lilac.**—Beautiful colour **6d. pkt.; bulk pkt., 1/6**
744. **Violacea (Royal Purple).**—Deep violet shade. **6d. pkt.; bulk pkt., 1/6**
745. **Dwarf Mixed.**—Various colours **6d. pkt.; bulk pkt., 1/6**
746. **Single.**—Fine mixed **3d. and 6d. pkt.; bulk pkt., 1/6**

BALCONY PETUNIAS.

Suitable for window boxes, hanging-baskets, and rockeries.

747. **Balcony Pendula Black Prince.**—Velvety-red flowers. **9d. pkt.**
748. **Balcony Pendula Cornflower Blue.**—Rich blue **9d. pkt.**
749. **Balcony Pendula Rose.**—Clear rose, golden throat **9d. pkt.**
750. **Balcony (Pendula) Mixed.**—Useful for window boxes, etc. **9d. pkt.**

PHACELIA (Californian Blue Bell). H.A.

(Sow Spring to Autumn.)

Very desirable free-flowering plants for edgings and rockeries.

751. *Campanularia*.—Flowers rich deep blue. Hgt., 8 in. . . 6d. pkt.

PHASEOLUS (Snail Creeper). H.P.

(Sow Spring and Summer.)

752. *Caracalla*.—Sweet-scented white and purple flowers . . 6d. pkt.

PHYSALIS. H.H.P. (Sow in Spring and early Summer.)

753. *Bunyardi* (Red Winter Cherry).—Bright scarlet capsules. Splendid for winter decoration. Hgt., 2½ ft. . . 6d. pkt.

PHLOX DRUMMONDI

OUR SPECIAL STRAINS.

H.A. (Sow Spring to late Summer.)

This is one of the prettiest of Annuals. They continue in bloom till late in autumn, and for summer bedding are unequalled, their brilliant and varied colours keeping the garden gay throughout the summer. The best results will be obtained by sowing the seeds where the plants are to remain.

GRENDON GRANDIFLORA SPECIAL STRAIN, MIXED.

754. Unrivalled strain for richness and brilliancy of colours, size of blooms, and bushy, floriferous plants. Hgt., 1 ft. 1/- pkt.; bulk pkt., 2/6

788. <i>Choice Mixed</i>	6d. pkt.

POLYANTHUS PRIMROSE. H.P.

(Sow Spring to Autumn.)

789. *Watt's Large-flowered Bedding Hybrids, Mixed* (*Bunch-flowered Primrose*).—Extra choice strain. Hgt., 1 ft. 1/- pkt.

PRIMROSE. H.P. (Sow Spring to Autumn.) Hgt., ½ ft.

790. <i>Blue Shades</i>	1/6 pkt.
791. <i>Dean's Hybrids Mixed</i> .—Highly recommended	9d. pkt.
792. <i>Yellow</i> .—English yellow Primrose	6d. pkt.

PORTULACA. H.H.A.

(Sow late Spring and early Summer.) Hgt., 6 in.

793. <i>Single Mixed</i> .—Useful for rockeries and borders.	3d. pkt.; bulk pkt., 1/-
794. <i>Double Choice Mixed</i>	6d. pkt.; bulk pkt., 1/6

757. Phlox—Drummondii grandiflora, Mixed

POPPY—ICELAND

Hardy Perennials. (Sow January to September.)

Height, 1½ to 2 feet.

795. *Gartford (Regd.) Giants, Art Shades Mixed*.—Giant blooms in cream, apricot, salmon, buff, gold, and old gold shades, and variations of pink with zonal shadings and dark edges in contrasting tones. Awarded First Class Certificate Canterbury Horticultural Society, 1936. 1/- pkt.
796. *Gartford (Regd.) Daffodil Tones*.—Offered for the first time, this mixture of giant blooms includes all the well-known shades of lime, lemon, cream, buff, and parchment-white, both in self colours and two-tone effect. 1/- pkt.
797. *Gartford (Regd.) Mixed*.—A well-blended range including white, cream, lemon, buff, lime, apricot, salmon, pink, tango, chrome, etc. 1/- pkt.

Set of 3 Packets of Gartford Strains for 2/6.

798. *Gartref Art Shades Mixed (Regd.)*.—This strain of Iceland Poppies has been re-selected from the range of art shades, and as a distinctive feature, most of the blooms have dark edges to the petals, both in dainty tonings and in sharp contrast to the base colourings. 1/- pkt.
799. *Monstrosa Exhibition Strain*.—This mixture contains many glorious colour combinations difficult to describe, also self colours in orange, yellow, white, pink, etc. Immense flowers produced on long stiff stems. Hgt., 2 to 3 ft. 1/- and 1/6 pkt.

GRENDON ART SHADES (RE-SELECTED).

800. With the exception of a possible odd plant or two, this strain does not contain the original colours such as yellow, orange, and white. Plants from the seed offered will produce colours such as cream, sulphur, soft pink, coral pink, rosy, and other shades of pink besides beautiful combinations of delicate shades of colour. Highly recommended. 1/- and 2/- pkt.; bulk pkts., 3/6 and 5/-

COONARA PINKS (RE-SELECTED).

801. This re-selected strain of Coonara Pinks is exceedingly fine. It contains a wonderful range of those delicate shades that appeal so much to the aesthetic taste. The self colours range through all shades of pink, while others contain colour combinations difficult to describe. 6d., 1/-, and 2/- pkt.; bulk pkts., 3/6 and 5/-
802. *Coonara Orange and Gold Shades*.—The size of the flowers is only surpassed by our *Monstrosa Iceland Poppies*. The flowers, which range in colours from orange to gold, are produced on exceedingly long strong stems. Many prefer these shades of colour, as they show more to advantage in artificial light. 6d. and 1/- pkt.

797. Iceland Poppy—Gartford Giants, Mixed (see page 18)

Poppy, Iceland—continued.

803. **Grendon Rainbow Mixture.**—The fact that this strain contains such a complete range of colours accounts for its great popularity. This is a special blend which comprises the popular art shades, Coonara Pinks, and our improved orange and gold shades. 9d. pkt.
804. **Sunbeam Hybrids.**—A re-selected strain, representing a great improvement on the ordinary Iceland Poppies. 6d. pkt.; bulk pkt., 1/6
805. **Tangerine (Orange)**; 806. **White**; 807. **Yellow.** 6d. pkt. ea.
808. **Westella Pink Improved.**—Rich salmon pink. Hgt., 1½ ft. 1/- pkt.
809. **Mixed.**—Including white, orange, yellow, and other shades. 3d. pkt.; bulk pkts., 1/- and 2/-

POPPY. H.A. (Sow Spring to Autumn.) Hgt., 2 to 2½ ft.

810. **American Legion.**—A single Poppy; flowers rich orange scarlet; enormous size. 6d. pkt.
811. **Flanders.**—Single red Poppy. 3d. pkt.
812. **Mikado.**—White, edged crimson scarlet. Hgt., 2½ ft. 3d. pkt.
813. **Ranunculus-flowered Double Pompadour.**—Improved strain; immense range of colours, with picotée flowers. 6d. pkt.
814. **Shirley, Double Begonia-flowered.**—Large range of colours. 6d. pkt.
815. **Double Shirley.**—Mixed colours. 6d. pkt.; bulk pkt., 1/6
816. **Shirley Fairy Mixed.**—Double flowers. Wide range of unusual colours. 6d. pkt.
817. **Shirley Poppy, Rev. Wilks' Strain (Reselected), Mixed.** 3d. pkt.; bulk pkt., 1/-

POPPY, PERENNIAL VARIETIES.

818. **Oriental Poppy, Crimson.**—Hgt., 3 ft. 6d. pkt.
819. **Oriental Poppy, Hybrids, Mixed.**—Containing many beautiful shades. Hgt., 3 ft. 6d. pkt.

PRIMULA (Chinese Primrose). A. and P.

(Sow Summer and Autumn.) Hgt., 1 ft.

820. **Sinensis gigantea fimbriata, Mixed.**—An extra fine strain, containing a wide and varied assortment of colours. Annual. 2/- pkt.
821. **Stellata (Star Primula).**—Mixed colours. Star-shaped flowers. Annual. 1/6 pkt.
822. **Obconica grandiflora.**—A splendid strain, producing large flowers. Perennial. 1/6 pkt.

PRIMULA MALACOIDES. H.A.

(Sow Summer and Autumn.)

The Malacoides are excellent for window boxes, for the greenhouse, and for growing out of doors for winter bordering. Hgt., 1 ft.

823. **Princess Mary.**—A great improvement on the original variety. 6d. pkt.; bulk pkts., 2/6 and 5/-
824. **True Rose.**—A beautiful rose pink shade. 1/- pkt.; bulk pkts., 2/6 and 5/-

PUERARIA (Kudzu Vine). H.P. Climber.

(Sow Spring to Autumn.)

825. **Thunbergiana.**—Purplish-violet Wistaria-like flower. 6d. pkt.

PYRETHRUM. H.P. (Sow Spring to Autumn.)

953. Fine Mixed.—Various heights	3d. pkt.; bulk pkt., 1/-

GILL & SEARLE'S FLOWER SEED MIXTURE

This is not a mixture of wild flowers, but of garden annuals. It contains a large number of different kinds, all of them quite hardy and varieties that will grow with the least amount of care and produce quantities of flowers for a long period. Indeed, there are so many kinds appearing in endless succession that it is a continual surprise from the time the first plant begins to blossom. We recommend it for vacant plots and waste pieces of ground. 6d. oz.

SWEET PEAS

Our list of Sweet Peas, which includes many of the latest Introductions and Novelties, has been carefully re-selected, and contains only the best and most distinct varieties of merit.

Sweet Peas—continued.

SWEET PEAS.

LATE (SUMMER-FLOWERING) SPENCER VARIETIES—GIANT RUFFLED TYPE.

(Sow from March to April.)

The main characteristics of this new type, acclaimed by experts as the greatest advancement in Sweet Peas, are the duplexness and extra frilliness of the flowers. This imparts a double appearance to the large wavy flowers, the frilliness extending even to the edges of the wings. Distinct, beautiful, and interesting.

Collections of late-flowering Ruffled type Sweet Peas—6 Varieties, 2/6; 12 Varieties, 4/6.

- | | | | |

| 1067. | Scarlet Beauty. | —Deep scarlet |

1064. Sweet William—Auricula-eyed, Extra Large Flowering, Mixed

SWEET WIVELSFIELD. H.P.

(Sow Spring to Autumn.)

- | | | | |
|-------|----------------|---|--------------------------------------|
| 1068. | Mixed Colours. | —Especially recommended for bedding or massed effects. Brilliant colours, cross between Sweet William and Dianthus Allwoodii. | Hgt., 1 ft. 6d. pkt.; bulk pkt., 1/6 |
|-------|----------------|---|--------------------------------------|

TACSONIA. H.P.Cl. (Sow late Spring and Summer.)

- | | | | |
|-------|------------------------------------|---|----------|
| 1069. | Mollissima (Banana Passion Fruit). | —A quick-growing climber; pink flowers and edible fruit | 6d. pkt. |
|-------|------------------------------------|---|----------|

THALICTRUM. Herb.P. (Sow Spring and Summer.)

Graceful herbaceous perennials with foliage resembling the Maiden-hair fern. Splendid for cutting. Seed is slow in germinating.

- | | | | |
|-------|----------------|---|-----------------------|
| 1070. | Dipterocarpum. | —Mauve flowers with lemon yellow anthers. | Hgt., 3½ ft. 6d. pkt. |
|-------|----------------|---|-----------------------|

TITHONIA (Mexican Sunflower). H.A.

(Sow late Spring and early Summer.)

The flower resembles a single Zinnia. Large Sunflower-like foliage. Excellent for cutting, and desirable subject for backgrounds.

- | | | | |
|-------|----------------------------------|-----------------------------------|--------------------------------------|
| 1071. | Speciosa Early-Flowering Strain. | —Orange-vermilion flowers. | Hgt., 6 ft. 6d. pkt.; bulk pkt., 1/6 |
| 1072. | Speciosa grandiflora Fireball. | —See Novelty and Specialty pages. | |

TORENIA. H.H.A. (Sow Spring to early Autumn.)

Small richly-coloured, Snapdragon-like flowers, suitable for borders and rockeries.

- | | | | |
|-------|------------|-------------------------------------|----------------------|
| 1073. | Fournieri. | —Light blue flowers, yellow throat. | Hgt., 1 ft. 6d. pkt. |
|-------|------------|-------------------------------------|----------------------|

TROLLIUS. H.P. (Sow Spring to Autumn.)

The flowers resemble large buttercups. Plant in a moist, lightly-shaded location. Seeds germinate slowly, and should be soaked in hot water for six hours before sowing.

- | | | | |
|-------|--------------------------|---------------------|-----------------------|
| 1074. | Earliest of All. | —Golden yellow. | Hgt., 1½ ft. 6d. pkt. |
| 1075. | Ledebourii Golden Queen. | —Vivid deep orange. | 3½ ft. 6d. pkt. |

TROPÆOLUM (Canary Bird Creeper). H.H.A.Cl.

(Sow Spring and Summer.)

- | | | | |
|-------|--------------|----------------------------|----------|
| 1076. | Canariensis. | —Golden yellow flowers | 3d. pkt. |
| 1077. | Speciosum. | —Scarlet perennial climber | 1/- pkt. |

URSINIA (Jewels of the Veldt). H.A.

(Sow Spring and Summer.)

Hardy annual which does best when sown in the spring and planted out in a warm, sunny situation; it will then flower the same summer. Hgt., 1 ft.

- | | | | |
|-------|----------------|---|--------------------------|
| 1078. | Anethoides. | —Flowers rich orange yellow, adorned by a ring of deep purple with spots of darker shade. | 6d. pkt.; bulk pkt., 1/6 |
| 1079. | Aurora. | —Bright orange, crimson zone | 9d. pkt. |
| 1080. | Sunstar. | —Vivid golden orange, mahogany central zone. | 9d. pkt. |
| 1081. | Hybrids Mixed. | —Various colours | 6d. pkt. |

VALERIANA (Garden Heliotrope). H.P.

(Sow Spring to Autumn.)
Very useful, hardy plant which will grow in a dry part of the garden. It produces numerous stalks carrying clusters of sweet-scented florets and has handsome silvery-green foliage. Useful for decorative work.

1082. Mixed Colours.—Hgt., 3 ft. .. 6d. pkt.; bulk pkt., 1/6

VENIDIUM (Monarch of the Veldt). H.H.A.

(Sow in Spring.)
Large Daisy-like blooms measuring 3 to 4 inches across. Plant in a sunny position, in well-drained soil. Seed is slow in germination. Hgt., 2½ ft.

1083. Fastuosum Hybrids Mixed.—Including white, yellow, rose, and salmon shades .. 1/- pkt.
1084. Fastuosum.—Flowers golden, with dark centre and purple zone, with long serrated leaves .. 6d. pkt.; bulk pkt., 1/6

VERBENA

H.A. (Sow Spring to Summer.) Hgt., 1 ft.

1085. Blue King.—Blue shade .. 6d. pkt.
1086. Cameo Pink.—Dwarf, compact variety .. 9d. pkt.
1087. Carmine Ball.—Bright carmine flowers .. 6d. pkt.
1088. Cerise Queen.—Salmon cerise colour .. 6d. pkt.
1089. Colossea Hybrids, Mixed.—Enormous flowers, exceedingly free flowering .. 9d. pkt.
1090. Etna.—Geranium red, yellow eye .. 6d. pkt.
1091. Firefly.—Scarlet, pure white eye .. 6d. pkt.
1092. Ellen Willmot.—Bright salmon rose, with white eye .. 6d. pkt.
1093. Hybrida grandiflora Mouny.—See Novelty and Specialty coloured pages.
1094. Italian Striped.—Mixed colours .. 6d. pkt.
1095. Lucifer.—Brilliant scarlet .. 6d. pkt.
1096. Millicent.—Rich blush pink shade .. 6d. pkt.
1097. Rosamund.—Shades of pink and rose .. 6d. pkt.
1098. Rose Queen.—Lovely delicate rose .. 6d. pkt.
1099. Royal Bouquet.—This strain marks a new type in Verbenas. Instead of the trailing habit, the plants are of upright growth, attaining a height of from 15 to 18 inches .. 6d. pkt.
1100. Royal Purple.—Purple shades .. 6d. pkt.
1101. Salmon Pink.—Giant flowered .. 9d. pkt.
1102. Scarlet Queen.—Colour vivid scarlet, with white eye .. 6d. pkt.
1103. Spectrum Red.—Intense bright red colour .. 6d. pkt.
1104. Winifred.—Purest white .. 6d. pkt.
1105. Mammoth Auricula-eyed, Mixed.—An excellent strain of Verbenas .. 9d. pkt.; bulk pkt., 2/-
1106. Choice Mixed.—A good mixture of colours. .. 6d. pkt.; bulk pkt., 1/6

VERBENA (VARIOUS).

1107. Bonariensis.—Sweet-scented, rosy-lavender flowers borne on long, stiff stems. Hgt., 4 ft. .. 1/- pkt.
1108. Erinoides (Moss Verbena).—Distinct fine foliage and small blue flowers .. 6d. pkt.
1109. Venosa.—A distinct variety, small deep lilac flowers. Fine for groups and bordering .. 6d. pkt.

VINCA (Periwinkle). H.P. (Sow Spring to Autumn.)

1110. Mixed.—Compact free-flowering evergreen plants. 1 ft. 6d. pkt.

VIOLA CORNUTA

H.P. (Sow January to September.)

For massing and for borders Violas are invaluable. Hgt., 6 to 9 in.
Collection of 6 Separate Varieties, 2/6; 12 Varieties, 4/6.
Bulk Packets, 2/- and 3/6 each.

1111. Admiration.—Dark blue .. 6d. pkt.
1112. Apricot.—Apricot yellow, tinged orange .. 6d. pkt.
1113. Arkwright Ruby.—Dark crimson scarlet .. 1/- pkt.
1114. Blue Gem.—Deep violet blue .. 9d. pkt.
1115. Blue Perfection.—Light azure blue .. 6d. pkt.
1116. Cornuta Blue Gem.—See Novelty and Specialty pages.
1117. Imperial Blue.—Bright light blue .. 6d. pkt.
1118. Lutea grandiflora.—Yellow flowers .. 6d. pkt.
1119. Mauve Queen.—Delicate clear mauve .. 6d. pkt.
1120. Paris Blue.—Bright violet blue .. 6d. pkt.
1121. Papilio bicolor.—Pale blue and white .. 6d. pkt.
1122. Papilio, Deep Violet.—A popular colour .. 6d. pkt.
1123. Puck.—Yellow and violet blue—bicolor .. 9d. pkt.
1124. Purple King.—Rich deep purple blooms .. 6d. pkt.
1125. White Perfection.—Pure white .. 6d. pkt.
1126. Yellow Gem.—Bright yellow .. 6d. pkt.
1127. Special Scotch Strain, Mixed.—A particularly fine strain. .. 1/- pkt.
1128. Fine Mixed.—Including named sorts. 6d. pkt.; bulk pkt., 1/6

1105. Verbena—Mammoth Auricula-eyed, Mixed

VIOLA ODORATA (Sweet Violet). H.P.

(Sow Spring to Autumn.) Hgt. 4 in.

1129. Czar.—Dark-blue flowers .. 6d. pkt.
1130. Princess of Wales.—Bright blue flowers, borne on long stems. .. 6d. pkt.
1131. White.—Pure white flowers .. 6d. pkt.

VIRGINIAN STOCK. H.A. (Sow Autumn to Spring.)

Pretty, free-flowering annuals for borders, window boxes, etc. Seed should be sown in the open ground where the plants are to remain. Hgt., 1 ft.

1132. Crimson King.—Rich crimson .. 3d. pkt.
1133. Fairy Queen.—Carmine colour .. 3d. pkt.
1134. White.—Pure white flowers .. 3d. pkt.
1135. Yellow.—Yellow flowered .. 3d. pkt.
1136. Choice Mixed .. 3d. pkt.; bulk pkts., 1/- and 2/-

VISCARIA. H.A. (Sow Autumn to Spring.)

Very showy and effective annuals, flowering freely throughout the summer. Suitable for bedding and useful for cut flowers. Hgt., 1 ft.

1137. Azurea.—Azure-blue flowers .. 3d. pkt.
1138. Candida.—Pure white glistening flowers .. 3d. pkt.
1139. Cardinalis.—Brilliant scarlet flowers .. 3d. pkt.
1140. Oculata cœrulea (Blue Bouquet).—Beautiful shade of clear blue, of erect growth .. 6d. pkt.
1141. Rosea.—Flowers rose, with dark eye .. 3d. pkt.
1142. Mixed.—Containing a mixture of all colours. .. 3d. pkt.; bulk pkt., 1/-

VISCARIA—TOM THUMB. Height, 9 inches.

1143. Fire King.—Rosy crimson .. 6d. pkt.
1144. Innocence.—Pure white .. 6d. pkt.
1145. Loyalty.—Light blue shade .. 6d. pkt.
1146. Rosy Gem.—Carmine rose flowers .. 6d. pkt.
1147. Mixed.—Varied colours .. 6d. pkt.; bulk pkt., 1/6

WALLFLOWER PERENNIAL VARIETIES.

(Sow Spring to Autumn.) Hgt., 1 to 1½ ft.

1148. Dark Brown.—Dwarf, large flowered .. 6d. pkt.
1149. Golden Bedder.—Dwarf, golden flowers .. 6d. pkt.
1150. Orange Bedder.—Dwarf, rich orange .. 6d. pkt.
1151. Blood Red.—Beautiful shade .. 3d. pkt.
1152. Fire King.—Vivid orange flowers .. 6d. pkt.
1153. Harbinger.—Rich shade of brown .. 6d. pkt.

FOR MASSING AND FOR BORDERS VIOLAS ARE INVALUABLE

Wallflower—continued.

1154. **Rose Queen.**—Large flowers 6d. pkt.
1155. **Vulcan.**—Rich dark velvety shade 6d. pkt.
1156. **Primrose Monarch.**—Primrose shade 6d. pkt.
1157. **Finest Single Mixed.**—Hgt., 1½ ft. 3d. pkt.
1158. **Double Flowering, Tall Sorts, Mixed.**—Fine large double
blooms 6d. pkt.; bulk pkt., 1/6

WALLFLOWER ANNUAL VARIETIES.

(Sow Spring to Autumn.)

- Sow early in the New Year for winter flowers. Hgt., 1½ ft.
1159. **Blood Red.**—Flowers rich blood red. 3d. pkt.; bulk pkt., 1/-
1160. **Extra Early Parisian.**—A fine rich shade of golden yellow,
blotched with brown 3d. pkt.; bulk pkt., 1/-
1161. **Early Wonder Double.**—Dark brown 6d. pkt.
1162. **Early Wonder, Double Golden Queen.**—Deep golden-yellow
flowers 9d. pkt.
1163. **Early Wonder Double Violet** 6d. pkt.
1164. **Early Wonder Double Mixed.**—This Annual strain contains all
the beautiful colours and doubleness of the perennial double
type. Should prove a valuable addition to this section.
6d. pkt.; bulk pkt., 1/6

ZEAL JAPONICA (Japanese Maize). H.H.A.

(Sow in Spring and Summer.)

1165. **Quadricolor perfecta.**—Broad leaves; variegated with green,
rose, and dark-red stripes. Hgt., 4 ft. 3d. pkt.; bulk pkt., 1/-

ZINNIAS—Our Great Specialty

H.H.A. (Sow late Spring and Summer.)

ZINNIA, DAHLIA-FLOWERED. Gold Medal Strain.

Collection of 6 Varieties, 2/6; 12 Varieties, 4/6.

Bulk Packets, 1/6 and 2/6. Height, 2½ to 3 feet.

1166. **Attraction.**—Brick red shade 6d. pkt.
1167. **Canary Bird.**—Primrose colour 6d. pkt.
1168. **Crimson Monarch.**—Enormous red flowers 6d. pkt.
1169. **Dream.**—Deep lavender, turning to purple 6d. pkt.
1170. **Eldorado.**—Rose on deep salmon 6d. pkt.
1171. **Exquisite.**—Light rose, with deep rose centre 6d. pkt.
1172. **Golden Dawn.**—Golden yellow 6d. pkt.
1173. **Golden State.**—A very rich orange yellow 6d. pkt.
1174. **Illumination.**—Deep Tyrian rose 6d. pkt.
1175. **Lemon Beauty.**—Golden yellow on brown 6d. pkt.
1176. **Luminosa.**—Deep pink 6d. pkt.
1177. **Meteor.**—Glowing deep red, with metallic sheen 6d. pkt.
1178. **Old Gold.**—Distinct colour 6d. pkt.
1179. **Old Rose.**—Extra large flowers 6d. pkt.

for borders and rock gardens; exceedingly showy. 1 ft. 6d. pkt.
Lilliput, Separate Colours.—1204. **Crimson;** 1205. **Lilac
Gem;** 1206. **Purple Gem;** 1207. **Peach Blossom;**
1208. **Salmon Rose;** 1209. **Golden Gem;** 1210. **Rose-
bud;** 1211. **Scarlet Gem.** 6d. pkt. each; bulk pkt., 1/6;
collection of 6 named varieties, 2/6.

1185. Zinnia—Giant Dahlia-flowered, Gold Medal Strain, Mixed

Zinnias—continued

1212. **Lilliput Improved (Mixed Colours).**—Suitable for bedding and
bordering; small button-like flowers, fully double, produced on
long stems. Hgt., 1 to 1½ ft. 6d. pkt.; bulk pkt., 1/6
1213. **Lilliput Tom Thumb Mixed.**—Plants grow about 8 inches high,
covered with well-formed heads 6d. pkt.
1214. **Lilliput Pastel Mixture.**—See Novelty and Specialty pages.
1215. **Linearis.**—Dwarf yellow, suitable for borders. Hgt., 1 ft. 6d. pkt.
1216. **Mexicana Gipsy Girl.**—Chocolate maroon flowers, with a golden-
yellow band, 9 inches in height 6d. pkt.
1217. **Navajo Mixed.**—Medium-sized double and semi-double flowers,
long narrow petals slightly incurved or fluted. Hgt., 1½ ft. 9d. pkt.
1218. **Perfection (Picotee-edged), Mixed.**—Hgt., 2½ ft. 6d. pkt.
1219. **Scabious-flowered Improved Mixed.**—Hgt., 2 ft. 6d. pkt.
1220. **Scabious-flowered Autumn Tints.**—Bright mixture. Hgt.,
2½ ft. 6d. pkt.
1221. **Double Mixed.**—Hgt., 2½ ft. 3d. pkt.; bulk pkt., 1/-

“VICTORIA” COLLECTION OF FLOWER SEEDS.

(For Autumn and Spring Sowing.)

These Collections contain only seeds of the best quality and of the most
popular varieties, and will produce an abundant supply of blooms.
Specially recommended. No alterations allowed in these Collections.

COLLECTION FOR AUTUMN SOWING.

Containing one packet of each of the following for 2/6.

Stock, Nice, finest mixed; Candytuft, mixed; Dianthus, mixed; Linaria,
Excelsior Strain, mixed; Mignonette, Machet; Pansy, finest mixed; Carn-
ation, Marguerite, mixed; Canterbury Bells, mixed; Foxglove, finest
mixed; Godetia, mixed; Iceland Poppy, mixed; Calliopsis lanceolata;
Gaillardia grandiflora; Sweet Peas, Spencer varieties, mixed; Larkspur,
mixed.

COLLECTION FOR SPRING SOWING.

Containing one packet of each of the following for 2/6.

Aster, finest mixed; Balsam, double mixed; Calliopsis, mixed; Cosmos,
mixed; Godetia, mixed; Leptosyne maritima; Marigold, mixed; Phlox
Drummondii grandiflora; Poppy, Shirley; Portulaca, mixed; Salpiglossis,
finest mixed; Sunflower, Miniature; Sweet Sultan, mixed; Virginian
Stock, mixed; Zinnia, double mixed.

The two above Collections for 4/6.

WE CAN ALSO SUPPLY COLLECTIONS FROM

5/-, 10/-, 12/6, 15/-, and 20/- each, Post Free.

Gill & Searle's Novelties and Specialties

Russell Lupins

GENISTA—The Broom

For the first time we are offering seed of these favourite shrubs in a mixture which has been saved from an unsurpassed collection growing at our Nurseries, comprising all the best varieties, such as LORD LAMBOURNE, BURKWOODII, CORNISH CREAM, DOROTHY WALPOLE, MARIE BURKWOOD, C. E. PEARSON, DONARD'S SEEDLING, and others.

Named Varieties, Mixed, 1/6 packet.

AGERATUM—King of the Blues

(See Colour Plate at right)

None of our half-hardy annuals excel the dwarf form of *Ageratum mexicanum* for edgings, small beds, and ribbon borders, continuing in bloom, as it does, practically all the summer. The variety we now introduce possesses in a high degree all the qualities the gardener requires. It is a small, tufty, compact plant, literally covered with flowers of the deepest blue, and nearest to a true blue of any sort yet produced. The flowers are not borne in clusters, as in most other kinds, but stand out individually at the end of the pedicels, thus showing up most effectively over the miniature foliage. Distinct as it is, both in habit and colour, we are sure that "King of the Blues" will amply justify the name we have given it.

Price, 1/6 packet.

CORNFLOWER—Jubilee Gem

A dwarf variety of Cornflower, making a compact plant about 12 inches high, literally covered with dark blue flowers. As an edging plant, border plant, or for formal beds, Jubilee Gem is of exceptional merit.

Price, 9d. packet.

RUSSELL LUPINS

(See Colour Plate at left) *Reselected*

Most Outstanding Novelty for 1938. Awarded the Royal Horticultural Society's Gold Medal (England), June, 1937.

This new strain of Perennial Lupins is the most outstanding introduction for many years. The long closely-furnished spikes flower in a great variety of rich colours. Deep yellows, oranges, reds, and brilliant bicolors never seen before in Perennial Lupins. The florets are large with flat fan-like back standards and, unlike all other Lupins, most of the spikes retain their florets throughout the whole period of development.

When in bloom at our "Grendon" Nurseries at Brighton, they were the centre of attraction.

Price, 1/6 packet

PETUNIA

Grandiflora nana compacta Velvet Ball

The plants reach a height of about 8 inches, with a spread of only 8 to 10 inches, and will have a dozen or more velvety-crimson flowers in bloom at a time, which are comparatively large, about 2½ inches in diameter. The variety comes remarkably true both to colour and habit, there being approximately only 6 per cent. not true to colour and type. As a border or edging plant, Velvet Ball can be thoroughly recommended.

Price, 1/6 packet.

Ageratum—King of the Blues

GILL & SEARLE'S NOVELTIES AND SPECIALTIES

Alyssum—Violet Queen

ARCTOTIS—Hybrids, Autumn Shades

Among the dozens of colourful winter and spring blooming flowers, none is more gay and cheerful than these new Autumn Shades in the popular Arctotis Hybrids. Seed sown fairly early in the spring will flower the same year and give a wealth of the bright, daisy-like flowers from summer until frost. The colours include many tones of red, orange, burnt orange, bronzy orange, and various shades of yellow and cream, typical autumn tones. The foliage is soft grey green, with slender wavy edged leaves. Arctotis Hybrids Autumn Shades is a decided addition to the border garden, and grows to a height of about 2 feet. Plant in an open position.

Price, 1/- packet.

CYNOGLOSSUM—Amabile firmament

(See Colour Plate at right)

(Bronze Medal All-America Selections 1939.)

The plants form healthy, compact bushes, sending forth from the base numerous evenly-spaced branches which reach a height of about 15 inches. The flower panicles are thickly covered with bright blue flowers resembling Forget-me-nots. Raising and handling of this hardy annual offer no difficulties whatsoever. Seeds are sown either in a frame or out of doors. Cynoglossum firmament flowers best in moderately moist soils. It reminds one of Anchusa capensis "Blue Bird," and is likewise strongly recommended as an excellent nutritive plant for bees.

Price, 1/6 packet.

COSMOS

Sensation, Giant Early Flowering

The Sensation type of Cosmos is to-day the favourite for cut flower use. The fact that the flowers are of immense size, 4 to 5 inches in diameter with broad heavy fluted petals which slightly overlap, giving a very full single flower, makes it ideal for cut flower use. These large flowers are carried on very long strong stems, and are freely produced on plants which reach a height of 3 to 4 feet and have a fairly heavy growth of foliage.

PINKIE—Delightful rose pink colour.

PURITY—White with satin sheen.

CRIMSON—Deep crimson shade.

MIXED COLOURS.

Price, 9d. packet each. Set of 3 separate colours for 2/-

ALYSSUM Maritimum nanum Violet Queen

(See Colour Plate at left)

The white-flowering Sweet Alyssum, with its honey-like odour, has long been an indispensable garden favourite, more especially the dwarf compact forms, which are of such charming effect as edgings in the make-up of winter or spring borders. From the original white form some coloured varieties have been developed, but none of a very decided shade. The flowers of our new variety, however, have a character peculiarly their own, being of a very pretty bright violet tint, and we have no doubt that "Violet Queen" will be found of much value as a pleasant alternative to the old favourite white-flowering varieties. Height, 4 inches.

Price, 1/6 packet.

*We specialise in artistic
Wreaths and other Floral
Emblems. Prices 7/6, 10/6,
15/-, 20/-, upwards.*

VERBENA Hybrida grandiflora, Mounty

Mounty is a Verbena of great brilliance. Its colour is a solid deep rose red without the usual large white eye. Each plant grows to approximately 18 inches in diameter, and produces a multitude of immense 4-inch umbels of flowers.

Price, 1/- packet.

Cynoglossum—Amabile firmament

NASTURTIUM—Double Indian Chief

(See Colour Plate at right)

In this new variety of Double Nasturtium, we offer a novelty which, we believe, will rapidly become as popular as Golden Gleam and surpass in popularity the many other Double varieties which have been introduced recently. Indian Chief has dark foliage resembling that of Fireball in the "Single" section, and its vivid scarlet flowers are equally as bright as that variety. The contrast of foliage and flower is similar to that found in Bishop of Llandaff Dahlia. The blooms are sweetly scented and freely produced. We recommend this variety with every confidence.

Price, 1/- packet.

MACHAERANTHERA Tanacetifolia (Tahoka Daisy)

Bushy, fairly compact plants with deeply lacinated or fern-like foliage. Flowers are somewhat like a Hardy Aster, 2 inches or more across, composed of a single row of narrow, pointed, lilac-blue petals surrounding a deep golden yellow disc-like centre. Blooms early and profusely throughout the summer and autumn. Desirable for cutting. Height, 20 inches.

Price, 1/- packet.

If you have not already received our Catalogue of Shrubs, Trees, Herbaceous Plants, etc., or have mislaid the one sent you, a copy will be sent post free on application.

Nasturtium—Indian Chief

SCABIOUS—Monarch Cockade, Mixed

(See Colour Plate at left)

An unusually attractive mixture which has been blended from our White, Blue, Rose, and Royal Cockade varieties, and from the residue of crosses and selections from which these varieties have been selected. All flowers in the mixture are of the true Cockade formation, and the colours embrace, in addition to those above mentioned, lilac, azure, blue, deep blue, and attractive tones of rose, salmon, blood red, and scarlet.

Monarch Mixed makes a most attractive display when grown *en masse*, and we recommend it with confidence.

Price, 1/3 packet.

GODETIA—Dwarf, Compact Ruby

Imagine a compact little plant 12 inches high and 18 inches in diameter covered with hundreds of deep ruby-red flowers. That is the striking appearance made by Ruby, our new dwarf Godetia Novelty. This beautiful little plant is ideal for borders, and will make a very desirable bedding annual.

Price, 1/- packet.

GODETIA—"Azalea Show," Fl. Pl.

A magnificent mixture of double Azalea-flowered Godetias. The compact, bushy plants, 16 to 18 inches high, flower in profusion. Pink, white, mauve, carmine, bright crimson, and crimson scarlet are mixed with bicolours to form a gaily-coloured carpet of silky flowers.

Price, 1/- packet.

GODETIA—Kelvedon Glory

Deep glowing salmon orange, of an intensity and vividness found in very few plants. The blooms are of beautiful symmetry and fine texture. The plants are strong and robust and their freedom of flowering unusual.

Price, 1/- packet.

Scabious—Monarch Cockade, Mixed

Nierembergia—Hippomanica

CUPHEA—Firefly

The flowers are small and delicately formed, fiery cerise red in colour, and are freely produced on compact plants which reach a height of about 10 inches. The general effect of a plant when in full bloom is a ball of fire, recommending itself at once as a subject for bordering, bedding, etc. Half-hardy annual.

Price, 1/- packet.

DIANTHUS Sinensis Heddewigii, "Gaiety"

(See Colour Plate at right)

A point often overlooked in the making up of gardens is the brilliant effect which can be produced by employing the various forms of the Chinese or Indian Pink. Undoubtedly the finest section of this valuable and easily-grown annual is that known as superbissimus, distinct by its glaucous foliage and crested surface to the petals. Originating from this, the strain we now offer under the name of "Gaiety" is the result of a good many years of careful selection. The very large and showy flowers are beautifully fringed, and present a wide range of lovely colours from pure white through all shades of red, rose, and purple to the deepest crimson. Besides self colours, there is a kaleidoscopic variety of striped, marbled, and zoned flowers, many with contrasting basal markings. A trial of this novelty will bring the assurance that "Gaiety" easily eclipses all single strains hitherto produced.

Price, 1/6 packet.

CHRYSANTHEMUM—Golden Crown

Award of Merit Royal Horticultural Society, England.

Golden Crown is as great a step forward in Chrysanthemums as was Radio in Calendulas and Jubilee Gem in Cornflowers.

Golden Crown has the robust constitution of the Coronarium varieties, making vigorous well-branched plants 3 to 4 feet in height. The flowers are produced freely, and one plant will carry as many as 50 to 60 blooms. The foliage, an attractive silvery green, contrasts admirably with the bright buttercup-yellow flowers.

The most outstanding feature of this Novelty is, however, the formation of the flower. The petals are quilled, and this quilling has a beautifying effect, which raises Golden Crown to a very high level in decorative value. In contrast to other Coronarium Chrysanthemums it produces 100 per cent. of double flowers.

Price, 1/- packet.

NIEREMBERGIA Hippomanica

(See Colour Plate at left)

This little Dwarf Cup Flower begins flowering when the plants are only about 2 inches tall, that is about 15 weeks after the seed is sown, and keeps on right until early winter. The lovely lavender-blue shade, heightened by a touch of yellow in the centre, is most charming. Plants are compact and not over 5 to 6 inches tall. As an edging plant and for use in the rockery it is unexcelled, and is extremely lovely in a window box or in flower pots. It is a hardy perennial.

Price, 1/6 packet. Plants, 1/6 each.

AGERATUM—Fairy Pink

Ageratum Fairy Pink is a dwarf compact Ageratum of a delightful soft salmon rose-pink colour. It begins blooming when not more than 1½ to 2 inches high, and continues to grow until it has formed a solid, compact mass of blooms. Its maximum height when it is in full bloom is not greater than 5 inches.

Price, 1/- packet.

LARKSPUR Giant Imperial Cinnabar Cockade

Cinnabar is a rich brilliant rose red. Plants are compact and symmetrical, throwing long spikes of very double flowers. Cinnabar has the same graceful habit as Blue Cockade. This variety with its brilliant colour and long, tapering spikes is ideal for cut-flower purposes.

Price, 9d. packet.

Dianthus—Heddewigii, "Gaiety"

Vegetable Seeds

ATTENTION IS DRAWN TO TERMS OF SALE AND NON-WARRANTY CLAUSE ON PAGE 2 OF COVER.

Market Gardeners, Institutions, etc., requiring seeds in large quantities, should write for special prices. We have made prices as reasonable as possible, commensurate with first-class quality, in this Catalogue, yet where a number of pounds or bushels are wanted, we may be able to supply at a lower price than by the single pound or bushel.

Vegetable Seeds, in packets, with the exception of Peas, Beans, and Sweet Corn, are Post Free. No half packets will be supplied.

The times given for the sowing of Vegetable Seeds refer to Melbourne and surrounding districts, and due allowance must be made for climatic conditions.

Vegetable Seeds, 3d. and 6d. per packet, except where otherwise priced.

PEAS

6d. pkt.; 1/- lb., except where otherwise priced.
Special price per bushel and larger quantities.

SOW MARCH TO DECEMBER. (Freight extra.)

Earliest Varieties.

SOW MARCH TO AUGUST

- English Wonder** (height, 18 inches).—Delicious flavour, very early and reliable.
W. F. Massey (height, 18 inches).—This is the earliest Dwarf Pea of high quality yet introduced. It is ready 8 to 10 days before English Wonder or American Wonder, and pods are 25 per cent. larger. Peas are of splendid colour and flavour; a wonderful cropper. A genuine advance in this section 1/6 lb.
Richard Seddon (height, 15 to 18 inches).—Very dwarf and most prolific bearer.
William Hurst (height, 15 inches).—Large well-filled pods, fine flavour.

Second Early Varieties.

SOW JUNE TO AUGUST.

- Daisy** (height, 18 to 20 inches).—Pods, 5 inches in length, are freely produced 1/6 lb.
Day's Early Sunrise (height, 30 inches).—Heavy yielder, can be sown earlier in cold districts.
Giant Stride.—Hgt., 2 ft. Huge pods which measure 5 inches in length, and contain 8 to 10 peas of delicious flavour. 6d. and 1/- pkt.; 2/- lb.
Stratagem (height, 24 to 30 inches).—Large wrinkled pods, good flavour.

Main Crop Varieties.

SOW SEPTEMBER TO DECEMBER.

- Greenfeast** (height, 24 to 30 inches).—Grown extensively by Market Gardeners. Very prolific bearer.
Yorkshire Hero (height, 27 to 30 inches).—A wonderful cropper with abundant well-filled pods.

"GREATPOD" PEA.

We have no hesitation in recommending this Main Crop Pea. It is a magnificent cropping quality. The pods are large, very dark green in colour, and mostly produced in pairs—10 to 12 peas in a pod—of excellent flavour. Its constitution is exceedingly robust, and it has fine eating qualities. We are receiving splendid reports in its favour throughout the State. 1/6 lb.

SUGAR OR EDIBLE PODDED PEAS.

- Dwarf, Early.**—The pods are cooked whole while young. 6d. pkt.; 2/6 lb.
Tall Early.—Large pods 6d. pkt.; 2/6 lb.

ASPARAGUS OR SCARLET-WINGED PEA

(*Lotus tetragonolobus*)

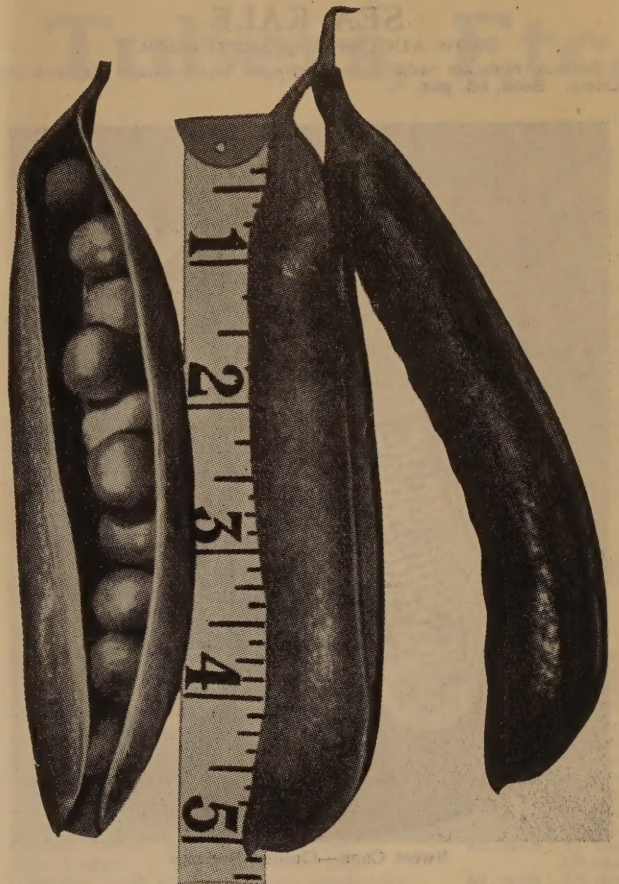

This produces an abundance of crimson pea-shaped flowers producing pods of very fine flavour, which can be cooked like French Beans, and have a very fine flavour like Asparagus. Grows about 1 foot in height. Plant 1½ to 2 feet each way. 6d. and 1/- pkt.

PUMPKIN

SOW SEPTEMBER TO NOVEMBER.

3d. and 6d. pkt.; 1/- oz. Collection of 6 Varieties for 2/-.

- Beaudebert** (Queensland Blue).—Dark skin, golden medium dry flesh.
Bush.—A new introduction of the small type, being smaller and of lighter colour. The plants do not run 9d. pkt.
Crown.—Well-known favourite variety.
Ironbark.—One of the best-known sorts.
King of the Mammoths or Pot-Iron (Cattle Variety).—The largest of all pumpkins.
Turk's Cap.—Splendid table pumpkin.
Triamble.—A three-cornered pumpkin, dry flesh.
Trombone (Jonathan).—A crookneck variety.

Vegetable Pea—Giant Stride

POTATOES

PLANT AUGUST TO JANUARY.

In season we have prime graded samples (hand picked) of all the leading varieties. Prices on application.

RADISH

SOW FEBRUARY TO SEPTEMBER. 3d. and 6d. pkt.

- China Rose.**—White flesh, good flavour 1/- oz.

Perle.—Brilliant light blue.	
Mixed.—Choice selection of colours. 9d. each ; 8/- doz.	

Bearded Flag Iris

BEARDED FLAG IRISES

Plant from the end of December till October—Spring Flowering. (Freight Extra).

This class of Irises are sun-lovers. Plant firmly in well-drained soil with tops of the rhizomes an inch below the surface. It is advisable to leave clumps undisturbed for three years, when they may be lifted, divided, and placed in new positions. The best time to do this is as soon as the variety has finished flowering. A little lime given during the winter is beneficial. Do not use fresh animal manure, and do not mulch at any time. If the ground is poor, use G. & S. "Plant-Vita" Garden Fertiliser. They require only a little moisture to keep them growing during dry weather. To those unfamiliar with Iris terms, the following may be helpful: S refers to the standard or upper petals; F, to the falls or lower petals. A self colour is one that is of the same colour throughout.

The following varieties have been selected from one of the best collections in the world.

Al Lu Wee.—Tall, large variety of unique form. S, golden yellow; F, Bordeaux red. New	5/-
Alta California.—Clear yellow, faintly bronzed, superbly branched. Large, tall	2/-
Anne Marie Cayeux.—Even suffusion of pink, blue, and heliotrope. Silky texture, heavy substance. Tall	2/-
Baldwin.—Manganese violet, toned heliotrope. Very large	1/6
Ballerine.—Enormous. S, light blue violet; F, broad and deeper in colour. Indispensable	1/6
Bernardino.—Enormous, tall, lavender and rosy-purple bicolor. Beautiful form. New	2/6
Blue and Gold.—Bright rich blue self with an amazingly brilliant golden beard. Large and tall. New	2/-
Blue Velvet.—A rich dark blue of unsurpassed velvety appearance	2/-
Bronze Beacon.—Falls of velvety indian lake with glowing golden-bronze standards. Very tall and large. Late bloomer. New	3/-

Bearded Flag Iris—continued.

- Gold Top.**—Tall and well branched. Floriferous. S, rich old gold; F, red violet, edged old gold. Lovely .. 2/-
- Grace Sturtevant.**—The brown Iris. Makes a conspicuous garden plant. S, dark rich brown; F, velvety dark brown .. 2/-
- Helios.**—Huge yellow. Falls lightly pencilled soft violet. Great substance .. 2/6
- Honeydrop.**—A splendid blend of unusual colouring. The flowers are large and well formed of blended honey, yellow, henna, and cream, giving a russet effect. Tall. New .. 5/-
- Indian Chief.**—A very beautiful variety. S, pinkish red; F, deep, rich velvety red. Outstanding. Tall and large .. 1/6
- Joycette.**—One of the best of the newer reds. The blooms are large. A self tone of bright clear red with no blue undertones. Very tall and lovely. New .. 12/6
- King Midas.**—Standards golden buff, flushed brown. Falls velvety brown flushed and edged buff. The distinct orange beard contrasts well with the blended colours. A colour combination of great charm and beauty. New .. 3/6
- King Tut.**—Fine garden plant. S, brown, with strong reddish suffusion; F, velvety glowing red .. 2/-
- Le Corregge.**—S, olive yellow; F, rich red. Splendid .. 2/-
- Los Angeles.**—Giant white, standards faintly edged pale blue. Strong grower, well branched. Very large blooms. Very outstanding .. 2/-
- Majenta.**—Absolutely unique in colour. Bright amethyst in effect, and very popular .. 1/6
- Marechal Ney.**—Rich red velvety brown purple. Large blooms. Gorgeous variety .. 2/6
- Mary Elizabeth.**—A brilliant rosy-red self, standards and falls of the same shade, but the heavy velvety quality of the falls gives it the appearance of a bicolor. The beard is of pure golden colour. Very tall and large. New .. 3/6
- Mauna Loa.**—Tall upstanding bicolor of reddish cast. Very early. Huge blooms. Well branched .. 1/6
- Melchior.**—Bronzy claret-red self. Very large, velvety, and tall .. 1/6
- Midgard.**—Colour is exquisite, being yellow flushed rose pink .. 1/6
- Ministre Fernand, David.**—Massive flower of superb form. S, silky red purple; F, velvety glowing dark red purple. Very beautiful .. 2/-
- Mirasol.**—Yellow self, unmarred by veining. Large blooms on well-branched stems .. 2/-
- Mothrill.**—A huge velvety blue purple self. Very tall and exceptionally strong grower. New .. 2/6
- Mrs. Valerie West.**—Superlative in every way. Broad massive bronze standards and falls of deep velvety maroon purple. Gorgeous. .. 2/6
- Nicanor.**—One of the largest. Rich amaranth red self of majestic proportions. Tall and very floriferous. New .. 3/6
- Pacific.**—Clear, deep blue self. Large and very desirable .. 2/-
- Padre.**—Tall, well branched, and vigorous. Dominating colour is the rosy purple falls flushed bright blue .. 1/6
- Persia.**—Beautiful blend. S, smoky blue; F, rich purple-blue in centre, shaded lighter at edges. Tall, large, and very unique. New. .. 3/-
- Phedre.**—Large spreading flower. S, lavender, suffused lilac; F, amaranth rose. Tall .. 2/-

Bearded Flag Iris—continued.

- President Pilkington.**—New. Very large glorious blend. S, lustrous buff with faint blue suffusion; F, lavender blue, with buff margin. Tall .. 2/6
- Purissima.**—The loveliest white. Absolutely pure. Tall, huge, and well branched. Perfect form .. 1/6
- Red Dominion.**—One of the most beautiful and outstanding originations. S, lustrous red, slightly frilled; F, horizontal and velvety. A real ox blood red. A gorgeous variety. New .. 5/-
- Red Wing.**—A red self, with undertone of brown. Broad petalled. Large, tall, and fine in every way .. 2/-
- Rosakura.**—Large fine blooms. S, rose purple, shading to yellow; F, velvety dahlia purple. Lovely .. 2/-
- Royal Beauty.**—A blue bicolor of regal carriage. S, clear intense blue; F, deeper in colour but very brilliant and velvety. Tall. New .. 4/-
- Rubeo.**—Huge blooms. S, glistening rose; F, deep maroon. Tall and strong. Well branched. An aristocrat .. 2/6
- Sachem.**—New. A tawny bronze. S, lustrous soft bronze; F, velvety dazzling red brown. Large. Tall .. 3/-
- Sacramento.**—White ground heavily edged red purple. Huge blooms on tall stems. New .. 2/-

Tigrinum splendens.—Orange scarlet, black spots white spotted. 6d. each; 5/- doz.

LACHENALIA

Plant January to March—September and October
Flowering. (Freight Extra.)

Aurea, pure golden-yellow, wax-like flowers on stems about 12 inches long, 4d. each, 3/6 doz.; **Quadricolor,** combination red, yellow, and green, with purple edge, hardy, free-flowering, 3d. each, 2/6 doz.; **Pearsoni,** yellow, maroon edging, tall grower, 9d. each, 7/6 doz.; **Tricolor,** red, yellow, and green flowers, 4d. each, 3/6 doz.

Lilium auratum (Golden-rayed Lily of Japan)

LILY OF THE VALLEY

CONVALLARIA MAJALIS.

Plant May to August—October and November Flowering.
(Freight Extra.)

Majalis.—Pink variety 9d. each
Majalis alba (Lily of the Valley).—This well-known variety needs no description 3d. each; 2/- doz.; 12/6 100

CONVALLARIA POLYGONATUM (Solomon's Seal).

Flowers small, bell-shaped, are white, tipped with green, and hang down from underneath the leaves. 1/- each; 10/- doz.

MONTBRETIAS

Plant April to July—February and March Flowering.
(Freight Extra.)

Unsurpassed for cut flowers and table decoration; flowers freely produced on stems of about 18 inches high. They resemble a miniature Gladiolus.

Frans Hals.—Rich yellow, brown lip 1/- each
His Majesty.—Orange-yellow with crimson markings 6d. each; 5/- doz.
James Coey.—Red with orange centre 1/- each
Marjorie.—Orange yellow and carmine 1/- each
Oriflamme.—Orange yellow 9d. each; 7/6 doz.
Tragedie.—Yellow, maroon blotch 1/- each
Mixed Sorts.—A splendid mixture of colours 4d. each; 3/- doz.

MUSCARI (GRAPE HYACINTHS)

Plant January to April—September to November
Flowering. (Freight Extra.)

Excellent for bedding or bordering, and the flowers are useful for cutting.

Botryoides album (White Grape Hyacinth). 4d. each; 3/6 doz.
Cosmosum (Tassel Hyacinth).—Purplish white, with tassel top. 3/6 doz.
Elegans.—Very pretty pale blue 3d. each; 2/6 doz.
Heavenly Blue (Grape Hyacinth).—Bright sky blue. 9d. doz.; 5/6 100
Plumosum (Feather Hyacinth).—Amethyst-blue flowers, arranged in a curious frizzly cluster 4d. each; 3/6 doz.

RANUNCULUS

Plant February to May—Spring Flowering.

G. & S. EXHIBITION STRAIN—MIXED COLOURS.

We highly recommend our Exhibition Strain of Ranunculus. The flowers are double, of immense size, and contain every shade of colour to be found in this class of plant. This strain produces flowers of perfect form, borne on stout but graceful stems, at least twice as large as the original types. Plant bulbs with claws downwards. 9d. doz.; 5/- 100. Extra strong Bulbs, 1/- doz.; 7/- 100 (post free).

RICHARDIA

Plant April to August—Summer Flowering.

A hardy class of Arum or Calla Lilies, grown not only for their handsome flowers, but also for their ornamental leaves.

Aethiopica. —Common white Lily of the Nile ..	6d. each ; 5/- doz.
Alba maculata. —Cream white, dark base ..	9d. each
Elliotiana (The Golden Calla). —Rich golden-yellow flowers, foliage spotted white ..	1/6 each
Golden Glory. —Deepest gold shade, black centre ..	2/6 each
Mrs. Roosevelt. —Deep rich yellow, violet base ..	2/- each
Rehmanni gigantea. —A unique combination of yellow and wine red. ..	2/6 each
Rehmanni (Pink Calla). —White, turning pink ..	1/6 each
Solfatare. —Free-flowering primrose, dark blotch ..	1/6 each

SANDERSONIA

Commonly called Golden Lily of the Valley.

Plant April to end of August—November and December Flowering. (Post Free.)

Aurantiaca.—A South African bulb, considered to be one of the rarest and daintiest plants in cultivation. The Sandersonia grows best in a semi-shaded position, in sandy loam, leaf mould, or any nice light soil, **which must be well drained**, and attains a height of 8 to 18 inches. Its bright, orange-golden, bell-shaped flowers, which are 1 inch across, hang down similar to the ordinary Lily of the Valley. Tubers should be planted with prongs down, and covered with 1 inch of soil.

1/6 and 2/6 each

SPARAXIS PULCHERRIMA (Fairy Bells)

Plant May to July—October and November Flowering.
(Freight Extra.)

Probably one of the oldest evergreen plants in cultivation, though rarely seen in ordinary gardens. As a garden subject or for cut flower purposes, Fairy Bells are excellent.

Alba. —Pure white; rare variety ..	1/6 each
Apple Blossom. —Light rosy pink; fine ..	2/- each
Montague's Mauve. —Beautiful mauve shade ..	2/- each
Montague's Pink. —Wine rose, light centre, striped ..	2/- each
Moonlight. —A new hybrid variety, pale rosy white ..	2/- each
Pulcherrima. —Beautiful rosy purple ..	6d. each ; 5/- doz.

TUBEROSE (African Hyacinth)

Plant May to September—February and March Flowering.
(Freight Extra.)

The variety we offer is "The Pearl," which is the best double-flowering kind. 6d. each ; 5/- doz.

TRITONIAS

Plant January till May—October and November Flowering.

Dwarf, free-flowering bulbs, with brilliant colours and neat appearance, resembling Sparaxis in shape and growth. Plant in any soil with sunny aspect.

Cream White Variety ..	1/6 doz. ; 12/- 100
Deusta. —Deep orange, with brown spot ..	3/6 doz.
Hyalina. —Has 6 to 12 large, bowl-shaped flowers, in three shades: 1, orange-apricot pink; 2, salmon pink; 3, reddish, transparent edge. ..	2/6 doz.
Salmon Pink Variety ..	1/6 doz. ; 12/- 100
Squalida. —Various shades of pink ..	2/6 doz.
Mixed Varieties ..	1/- doz. ; 7/6 100
Named Sorts. —Chrome, scarlet, peach, etc. ..	2/6 doz.

VISITORS ARE CORDIALLY INVITED TO VISIT OUR BRIGHTON NURSERIES PHONE X4310 35

Lily of the Valley (Convallaria)—See page 34

TULIPS

Plant February to May—October Flowering.
(Freight Extra.)

Tulips succeed best in an open position and throw up flowers of great substance on long stems. All the best colours are in our mixture. Plant bulbs about 4 inches deep in the ground. When planting, give a liberal supply of lime, and plant early for best results.

Darwin Separate Named Varieties. 6d. each ; 4/6 doz. ; 33/- 100.

List on application.

Darwin Choice Mixed. 4d. each ; 3/6 doz. ; 26/- 100.

COTTAGE TULIPS.

Splendid for beds and borders, as well as for cut flowers.

Inglescombe Pink. —Salmon pink ..	6d. each ; 4/6 doz.
Inglescombe Scarlet. —Bright scarlet, dark centre. ..	6d. each ; 4/6 doz.
Inglescombe Yellow. —Deep yellow shade ..	6d. each ; 4/6 doz.

WATSONIAS

(Australian Creations.)

Plant February to May—Spring and Early Summer Flowering. (Freight Extra.)

Adelaide. —Distinct orange scarlet ..	6d. each ; 4/6 doz.
Avalon. —Combination of pale pink, mauve, and salmon ..	1/- each
Beauty. —Delicate pale pink ..	6d. each ; 5/- doz.
Brisbane. —Clear flesh pink ..	6d. each ; 5/- doz.
Corallina. —Coral chrome shade, with a touch of salmon ..	1/6 each
Eunice Hunt. —Late flowering, salmon-apricot shade ..	1/- each
Hobart. —Soft rose pink ..	6d. each ; 5/- doz.
Mauveen. —Large deep mauve ; tall growing ..	1/- each
Montague's Pink. —The finest of all the pinks for decorative work. ..	6d. each ; 5/- doz.
Melbourne. —Distinct buff salmon shade ..	4d. each ; 3/6 doz.
Narrabeen. —Deep salmon shade ..	1/- each
Netta. —A fine salmon-coloured variety ..	1/- each
Novelty. —The nearest in colour to yellow ..	3d. each ; 2/6 doz.
Orangea. —Orange scarlet shade ..	4d. each ; 3/6 doz.
Perth. —Magenta colour ..	6d. each

Tulips—Darwin Mixed. See page 35

Watsonias—continued.

Pink Pearl.—Pretty pearly pink shade ..	3d. each ; 2/6 doz.
Rosa Holloway.—Delicate pink shade ..	9d. each ; 7/6 doz.
Rose Perle.—Pleasing deep rose shade ..	3d. each ; 2/6 doz.
Salmonette.—Large pale salmon ..	1/- each ; 9/- doz.
Mixed "Cronin's" Hybrids ..	2/- doz. ; 15/- 100

WATSONIAS (AMERICAN HYBRIDS).

They have distinctive colourings, with both star-shaped and imbricated flowers. Many delicate shades of orange are included. 1/- each ; 10/- doz. Freight extra.

Clementina.—Rosy lavender, exceptionally free flowering.
Diana.—Light heliotrope shade ; distinct.
Ed. Sturtenvant.—Very fine ; large heads of orange red.
Hazel.—Light orange red, star-shaped flowers.
Herbert Hoover.—Pale orange red, free flowering, large heads.
H. Johnson.—Imbricated salmon orange, large flowers.
Jas. McGilivray.—Rosy magenta, star shaped.
J. Dean.—Ruby-magenta shade, fine open flowers.
Mdme. Modjeska.—Light magenta purple, pretty shade.
Mdme. Welch.—Large open flowers, deep sanguine-red colour.
Roberto.—Rosy chrome, rose-purple reverse, very tall.
San Diego.—Pale red, distinct shade.

WATSONIA—GENERAL LIST.

Angustifolia.—Evergreen variety, deep scarlet flowers.	6d. each ; 5/- doz.
Alba.—Long spikes of pure white flowers ..	9d. doz. ; 5/6 100
Coccinea.—Dwarf, red, white centre ..	3d. each ; 2/6 doz.
Jewell.—Magenta, remarkable for habit of growth, distinct from all other varieties ..	6d. each ; 5/- doz.
Maitland.—Fine strawberry shade ..	6d. each ; 5/- doz.
Peach Blow.—Peach shade ..	6d. each ; 5/- doz.
Rosea.—Rosy-pink blooms ..	9d. doz. ; 5/6 100
Spicata.—Tall pale pink variety ..	3d. each ; 2/6 doz.

BULB FIBRE

Specially prepared by us for the cultivation of Bulbs in bowls.

6d. lb. ; 4-lb. bag, 1/9 ; 7-lb. bag, 3/- ; 14-lb. bag, 5/6 (Freight Extra).

36 WRITE FOR SPECIAL LISTS OF DAHLIAS, ROSES, CARNATIONS, GLADIOLI, FRUIT TREES, etc.

GENERAL LIST OF BULBS

Freight or Postage Charged Extra.

ACIS (Autumn Bells). Plant November till March.

Autumnalis.—White, tinged pink, bell-shaped flowers. 3d. ea. ; 2/6 doz.

ACONITUM (Monk's Hood or Winter Aconite).

Plant April to August—October and November Flowering.

A shady border perennial growing from 18 to 30 inches, with stems of hood-like flowers, succeeding in any well-dug, light garden soil.

<i>Autumnale</i> .—Fine blue ..	1/3 each
<i>Fischeri</i> .—Dwarf, rich blue ..	1/6 each
<i>Napellus</i> .—Tall, deep blue ..	1/6 each
<i>Wilsoni</i> .—Tall, violet blue ..	1/6 each

ALLIUM. Plant January to March—Spring Flowering.

<i>Molyduteum</i> .—Golden yellow ..	3d. each ; 2/- doz.
<i>Neapolitanum</i> .—White ..	1/6 doz.
<i>Roseum</i> .—Deep rose ..	3d. each ; 2/6 doz.

ALSTROEMERIA (Peruvian Lily).

Plant April to July—December to March Flowering.

Plant roots three to four inches deep. Ideal cut flower.

<i>Alba</i> .—White-flowering variety ..	1/6 each
<i>Aurantiaca</i> .—Orange, spotted carmine ; very popular and free-flowering variety ..	6d. each ; 5/- doz.
<i>Aurea</i> .—Golden-yellow flowers ..	6d. each ; 5/- doz.
<i>Brasilensis</i> .—Deep pink, tall growing ; hardy ..	1/6 each
<i>Hoemantha rosea</i> .—Rose-coloured variety ..	2/- each
<i>Lutea</i> .—Pale yellow, deepening to orange ..	1/- each ; 8/- doz.
<i>Psittacina</i> .—Scarlet, green edge ..	1/3 each

AMARYLLIS (Belladonna Lily).

Plant October to June—March and April Flowering.

<i>Belladonna Pink</i> .—A popular variety ..	6d. each ; 5/- doz.
<i>Belladonna rosea</i> .—White, tipped rose red ..	1/3 each
<i>Belladonna variabilis</i> .—Flowers open almost white, deepen to ruby red ..	9d. each
<i>Multiflora alba</i> .—Yellowish-white flowers ..	2/- each
<i>Multiflora Hathor</i> .—Pure white ..	2/- each
<i>Multiflora Orvieto</i> .—Deep pink shade ..	2/6 each
<i>Multiflora rosea</i> .—Pale rose, yellow throat ..	1/6 each

ANOMATHECA.

Plant February to April—December and January Flowering.

Charming Cape bulbs with Freesia-like flowers.

<i>Cruenta</i> .—Scarlet-crimson flowers ..	3d. each ; 2/- doz.
---	---------------------

ARTHROPODIUM (New Zealand Rock Lily).

Plant March to September—Spring Flowering.

<i>Cirratum</i> .—Bears large panicles of white, Lily-like flowers, tinged lilac. Free-flowering, hardy ; a fine plant for a shady border ..	1/6 each
--	----------

ARUMS (Black Lilies). Plant January to April.

Excepting "Sanctum," which is the celebrated Black Lily of Palestine, most Arums are grown for their fine foliage and beautifully marbled stems. The flowers, though curious and handsome, are strong in perfume ; very interesting plants. Any soil suits this family ; plant 4 to 6 inches deep. Require lime.

Cornutum.—Very curious, with interesting palm-like foliage. Red, spotted black on yellowish ground. Summer flowering. 2/- each. Obtainable April to July.

Sanctum (Palestinum) (Sacred Black Lily of Palestine).—Hardy, sweet scented ; velvety black. 1/6 and 2/- each. September to October flowering.

BABIANA. Plant February to April—Spring Flowering.

Azurea, purple ; *Charmer*, magenta ; *Modesty*, white and mauve ; *Nana*, purple blue. 3d. each ; 2/- doz. Mixed, 1/6 doz. ; 10/- 100.

BEGONIA (Tuberous Rooted).

Plant June to September—Autumn Flowering.

Suitable for pots, window boxes, and hanging-baskets, in either fernery or greenhouse.

<i>Single Mixed</i> .—A very choice strain ..	1/6 each ; 15/- doz.
<i>Double Mixed</i> .—Choice selection ..	1/6 each ; 15/- doz.
<i>Basket Varieties, Mixed</i> ..	1/6 each ; 15/- doz.

BLETIA. Plant March to August—Spring Flowering.

Although Orchids, these plants grow and flower freely in the open borders, requiring only light soil, but not too damp. Can be easily grown in pots, with good drainage, and well suited for growing in moss fibre. In sandy loam or rich chocolate soil they grow to perfection.

Alba.—A white variety 2/- each
Hyacinthina.—Purplish violet, shaded with white 2/6 each

BOMAREA (Coral Bells).

Plant February to July—October and November Flowering.

Hardy climbing, deciduous plants, growing from 2 to 74 feet in height, similar to Alstroemeria; flowers in large clusters; require shade. Plant about 2 inches deep in light, rich soil.

Salsilla.—Light coral red with purple blotch 2/- each
Multiflora.—Yellow flowers, spotted crimson 1/6 each

BUPHANE.

Plant January to May—
March and April Flowering.

A hardy Amaryllis from Rhodesia, with peculiar wavy leaves and large heads of flowers; between a large Nerine and Brunsvigia in shape and habit. Plant with top of bulb barely covered. An interesting garden subject.

Gigantea.—Deep red 3/6 each

CALOCHORTUS (Californian Tulips).

Plant January to April—Spring Flowering.

Lovely Tulip-like flowers, in shades of white, wine pink, and yellow. Beautifully blotched.

Named Sorts (6 varieties) 1/- each; 10/- doz.
Mixed Colours 9d. each; 8/- doz.

CIMICIFUGA.

Plant April to July—Summer and Autumn Flowering.

Fine perennials, producing feathery white flowers or plumes, about 3 feet in height. Moisture-loving plants, which also require shade, good, deep, light soil. Small clumps.

Cordifolia.—Spikes of creamy flowers, autumn flowering .. 2/- each
Simplex.—Tall white, autumn flowering 1/6 each
White Pearl.—Large white, late flowering 2/- each

CHLIDANTHUS FRAGRANS (Summer Daffodil).

Plant April to July—Flower during the summer months.

Sweet-scented, golden-yellow, trumpet-shaped flowers 6d. each

CLIVIA MINIATA (Imanthophyllum).

Plant January to June—August and September Flowering.

Fine evergreen plants suitable for warm aspects. Makes a good tub plant. Requires plenty of moisture. Salmon-red flowers on 18-inch stems. 2/- each.

New Hybrids 5/-, 7/6, and 10/6 each

COLCHICUM (Meadow Saffron).

Plant January to April—Flower March to April.

Very pretty bulbous plant, with Crocus-like flowers. Often mistaken for Crocus.

Alba.—Pure white flowers 1/- each
Autumnale.—Rose-coloured flowers 9d. each; 8/- doz.
Speciosum.—Rose and white flowers 1/- each

CYCLAMEN.

Winter and Spring Flowering.

Obtainable all the year round. Specially suited as a pot plant, and will grow and flower well in a protected place out of doors.

Mixed Varieties 1/6 and 2/- each; 16/- to 22/- doz.

CYCLOBOTHR (Globe Tulips).

Allied to Calochortus. Lovely Globe-like flowers.

Separate Colours.—Pearly white, bright yellow, wine pink .. 1/6 each

DIELYTRA SPECTABILIS (Bleeding Heart).

Plant May to July—November and December Flowering.

Popular herbaceous plants, having a dozen or more heart-shaped deep pink and white flowers borne on long stems. 1/6 each.

Arthropodium (New Zealand Rock Lily)—See page 36

EREMURUS (Giant Star, Spider, Crab, and Octopus Root).

Plant February to July—October and November Flowering.

A noble group of hardy herbaceous plants, tall growing, and most effective. Their stems, 6 to 9 feet in height, have a terminal flower spike 2 to 2½ feet long, having on it hundreds of small flowers. Requires a warm, sheltered position, in rich, deep soil; crowns should lie 3 to 4 inches beneath surface; roots dislike being disturbed.

Bungei.—Dwarf variety, golden yellow 3/6 each
Elwesianus.—Pink and white, very large 5/- each
Himalaicus.—Pure white 3/6 each
Him-Rob (Superbus).—Fine rose coloured 4/- each

HABRANTHUS.

Plant January to June—November Flowering.

Very pretty, Amaryllis-like bulbs, with funnel-shaped flowers produced in clusters; very free-flowering and one of the hardies of plants. Any soil or situation suitable. Plant 2 inches deep.

Pratensis.—Purple red 1/- each; 10/- doz
Sanguineus (Amaryllis-flowered).—Bright red, white stripe. 1/- each; 10/- doz

Haemanthus—Coccineus

HEMANTHUS.

Plant January to April—March and April Flowering.

Coccineus (Ox Tongue Lily).—Large flat, ox-tongue-like leaves. Flowers deep red .. 2/6 each

HELLEBORUS (Lenten Roses).

Plant March to June—July to September Flowering.

Few flowers have the lasting qualities of *Helleborus*, which range from a month to six weeks. They also possess colour markings of unusual shades.

Mixed Varieties, 1/- and 1/6 each.

HEMEROCALLIS (Day Lilies).

Plant April to August—Spring Flowering.

These hardy border plants, which succeed in any garden soil, have large Lily-like flowers.

Aurantiaca.—Rich orange, 6d. each. **Apricot.**—Deep apricot yellow, 9d. each. **Calypso.**—Lemon yellow, 1/6 each. **Estmere.**—Gold and chocolate, 1/- each. **Florham.**—Pale yellow, 1/- each. **Maggie Perry.**—Red, yellow centre, 1/6 each.

HIPPEASTRUM (*Amaryllis vittata*).

Plant April to August—October and November Flowering.

Our stocks are procured from the most reliable growers in England and Holland. The flowers of many varieties measure from six to nine inches across.

Empress of India.—Pale red, white markings .. 3/6 each
Fine Mixed Varieties .. From 2/6 to 3/6 each
Johnsoni.—Bright red, with white stripe .. 2/6 and 3/6 each
Other Named Varieties .. From 3/6 to 7/6 each

HYACINTHUS CANDICANS (Cape Hyacinth).

Plant April to June—December and January Flowering.

Commonly called the Giant South African Snowdrop. Perfectly hardy, having tall spikes 2 to 3 feet high. Sweet scented, pure white bell-shaped flowers .. 9d. each; 8/- doz.

ISMENE (Sacred Lily of the Incas).

Plant April to August—November and December Flowering.

Advance.—Giant white, sweet-scented; hardy .. 2/6 each
Festalis (Ivory Lily).—Clear ivory white .. 3/- each
Triumph.—Large-flowered variety, free flowering, white .. 4/- each
Olympic.—Bronze foliage with gold flowers .. 4/- each
Sulphur Queen.—Pale yellow, lovely scent .. 3/- each

LITTONIA MODESTA (Climbing Bells).

Plant February to July—December and January Flowering.

A semi-climber, with pale orange-yellow bell-like flowers. Ordinary garden soil with open aspect. Plant tubers about 1 inch deep .. 2/6 each

MORPHIXIA (Buff Ixia).

Plant January to June—November and December Flowering.

Longiflora.—Flowers are a buff coral-red colour. 2/- doz.; 15/- 100

NERINES AND LYCORIS.

Bulbs obtainable mostly all the year round. March and April Flowering.

Rose Queen.—Fine rose shade, 2/6. **Bowdeni.**—Rosy magenta, 1/6.
Coral.—Red, 1/6. **Corusca.**—Brilliant scarlet, 1/3. **Elegans alba.**—Pure white, 1/3. **Rosea.**—Bright red, 1/6. **Sarniensis.**—Rose crimson, 1/3. **Fothergilli.**—Vermilion scarlet, 2/- . **Filifolia.**—Red, 6d. each.
Japonica (Lycoris radiata).—Deep red .. 1/- each
Lycoris Aurea.—Golden yellow .. 1/6 each
Lycoris albiflora.—Straw yellow .. 1/6 each
Lycoris sanguinea.—Carmine red .. 2/- each
Lycoris squamigera (Purple Spider Lily) .. 2/- each

Our Selection of 6 Named Varieties of Nerines for 7/6.

ORNITHOGALUM.

Plant January to June—October and November Flowering.

Very hardy bulbs, which will thrive in any soil without attention. Very free-flowering, and increase rapidly. Plant from 1 to 2 inches deep.

Arabicum.—Large, white, with black eye .. 3d. each; 2/6 doz.
Chincherinchee.—Pure white, with dark eye. Very long-keeping sort. The well-known South African cut-flower variety. 6d. each; 5/- doz.
Umbellatum.—Has loose clusters of white flowers, with grass-like leaves; free-flowering .. 3d. each; 1/9 doz.

PLATYCODONS (Balloon Flower).

Plant April to July—Summer Flowering.

Hardy tuberous-rooted perennials, growing about 24 inches in height; free-flowering, allied to Canterbury Bells. Will grow in any soil or situation.

Album.—A fine white variety .. 1/6 each
Maricel.—Fine deep blue .. 1/3 each

SCHIZOSTYLIS COCCINEA (Kaffir Lily).

Plant April to August—July to September Flowering.

Produce *Gladiolus*-like flowers in great profusion. Valuable for cutting purposes.

Coccinea.—Brilliant crimson-scarlet flowers .. 6d. each; 5/- doz.
Mrs. Hegarty.—Hybrid. Deep rose-pink shade. 9d. each; 7/6 doz.

Ismene—Festalis (Sacred Lily of the Incas)

Plant January to June—October and November Flowering.

Charming little Hyacinth-like flowers, very hardy, and will grow almost anywhere.

Alba.—White, 1/6 doz.; 10/- 100. Rosea.—Rose, 2/6 doz. Mixed Colours, 1/6 doz.; 10/- 100.

SNOWFLAKE.

Plant January to June—September and October Flowering.

Giant Snowflakes.—White flowers with pale green spots .. 2/- doz.

Vallota—Purpurea

SPARAXIS (Harlequin Flower).

Plant January to June—October and November Flowering.

Mixed Colours .. 1/3 doz.; 9/- 100

SPREKELIA (Jacobean Lily).

Obtainable all the year round—October–November Flowering.

Formosissima.—Flowers dazzling vermilion scarlet, much resembling a huge Orchid .. 1/6 each

STERNBERGIA (Autumn Crocus).

Plant October to March—March and April Flowering.

Lutea.—Bright yellow Crocus-like flowers .. 6d. each; 5/- doz.

STREPTANTHERA.

Plant January to May—Spring Flowering.

Cuprea.—Rare Cape bulbs similar to Tritonia in flower but Sparaxis in growth and bulb; beautiful orange with lilac centre. Cover bulbs 1½ inches. .. 3d. each; 2/6 doz.

Sparaxis Hybrids.—Shades are mostly deep reds, orange, and tangerine. .. 3d. each; 2/6 doz.

TIGRIDIA (Tiger Flower).

Plant May to August—January, February, and March Flowering.

Pavonia.—Rich scarlet flowers, spotted yellow .. 6d. each; 5/- doz.

Other Named Sorts 9d. each

Special Mixed 6d. each; 5/- doz.

TRILLIUM GRANDIFLORUM (American Wood Lily or Indian Shamrock).

Plant April to August—October and November Flowering.

A shade-loving, low-growing, and extremely pretty Californian plant, being remarkable for having leaves and flowers arranged in threes. Flowers are of the purest white and 3 inches across. Light, moist, sandy soil in the shade is its only requirement. .. 2/- each.

Sessileflorum.—A large-leaved variety 2/- each

TRITELIAS (Star Violets).

Plant January to June—September and October Flowering.

Very pretty dwarf star-shaped white flowers, suitable for clumps in borders, etc.; very hardy .. 1/6 doz.; 10/- 100

TULBACHIA VIOLACEA.

Plant April to July—October and November Flowering.

A low-growing plant, with pretty lavender flowers; most useful for cutting purposes, and undoubtedly one of the most free-flowering bulbs in cultivation. Cover the tuber part of bulb about an inch. No particular soil needed; give open aspect. 2/- each.

VALLOTA (Scarborough Lily).

Obtainable all the year round—March and April Flowering.

Purpurea.—Flowers deep sanguine red, with lighter throat; free blooming, and very hardy .. 1/6 each

VELTHEMIA.

Plant January to August—September and October Flowering.

Capensis.—Like a giant Lachenalia. Deep red flowers .. 2/- each

All the varieties of Acacia listed, 6d. pkt.; 2/6 per Collection of 6 Separate Sorts. Special rates for 1 oz. or 1 lb. lots.

Baileyana (Cootamundra Wattle).
Cultriformis (Knife-leaved Acacia).
Dealbata (Silver Wattle).—90 to 100 feet.
Decora (Graceful Wattle).—8 to 10 feet.
Decurrens (Black Wattle).—30 to 100 feet.
Discolor (Sunshine Wattle).—8 to 10 feet.
Elata (Tall or Cedar Wattle).—30 to 60 feet.
Falcata (Bastard Myall or Burra).—25 to 30 feet.
Fimbriata (Fringe Wattle).—10 to 20 feet.
Floribunda (Many-flowered Acacia).—15 feet.
Howittii (Sticky Acacia).—8 to 10 feet.
Iteaphylla (South Australian Wattle).—8 to 12 feet.
Linifolia (Flax-leaved Acacia).—8 to 12 feet.
Longifolia (Long-leaved Golden Wattle).—8 to 12 feet.
Lophantha (Cape or Crested Wattle).
Melanoxylon (Blackwood Tree).—40 to 100 feet.
Myrtifolia (Myrtle-leaved Acacia).—5 to 8 feet.
Normalis (Queen Wattle of N.S.W.).
Obtusata (Blunt-leaved Acacia).—7 to 8 feet.
Ornithophora (Kangaroo Acacia).—10 to 12 feet.
Oxycedrus (Prickly Wattle).—10 to 12 feet.
Podalyriaefolia (Mount Morgan Acacia).
Polybotrya (var. foliosa).—40 feet.
Prominens (Golden Rain Wattle).—15 to 20 feet.
Pruinosa (Frosty Wattle or Mottle Barked).
Pycnantha (Golden Wattle).—20 to 30 feet.
Rhetinodes (Bald or Ever-flowering Acacia).—12 to 20 feet.
Saligna (Weeping Wattle).—12 to 20 feet.
Spectabilis (Mudgee Wattle).—8 to 12 feet.
Suaveolens (Sweet-scented Acacia).—6 feet.

SHRUB AND TREE SEEDS

6d. pkt., or 5/- doz. pkts., except where otherwise priced.

Abies Douglassi (Silver Fir) 1/- pkt.
Abies Menziesii (Menzies' Spruce) 1/- pkt.
Actinotis helianthi (Flannel Flower).
Angophora subvelutina (Apple Tree).
Arbutus unedo (Irish Strawberry Tree).
Brachychiton diversifolia (Kurrajong).—Ornamental shade tree.
Callitris robusta (Great Murray Pine).
Calycanthus Florida (Allspice Tree).
Casuarina stricta (She Oak).
Cedrus Atlantica (Atlas Cedar).
Cedrus deodara (Deodar).
Ceratonia siliqua (Carob Bean) 1/6 oz.
Cupressus macrocarpa.—The well-known hedge plant, suitable for quick results 1/6 oz.
Cupressus Lawsoniana.
Cupressus torulosa.
Eugenia Smithii (Lilly Pilly).
Genista Andreana.—Upper petals golden yellow and the lateral ones rich wallflower crimson.
Genista Canariensis.—Pale yellow; 6 feet.
Genista Florida.—Bright yellow flowers.
Genista monosperma.—White flowers; 10 feet.
Grevillea robusta (Silky Oak).—A fine Australian native flowering tree.
Hardenbergia monophylla.—Purple.
Hakea laurina, syn. eucalyptoides (The Pincushion Flower of West Australia) 1/- pkt.
Jacaranda mimosifolia 6d. per pod
Melaleuca leucadendron (Inland White Tea-tree Queensland).
Melaleuca styphelioides.
Melia azedarach (White Cedar).—35 feet.
Pinus insignis.—A most useful tree 1/6 oz.
Pinus laricio (Corsican Pine).
Pinus longifolia.
Pinus ponderosa (Yellow Pitch Pine).
Pinus strobus (Weymouth Pine).
Pittosporum.—Well-known hedge plant. Undulatum and eugenioides are foliage plants. Undulatum is an Australian native tree. 1/6 oz.
Schinus molle (Pepper Tree) 1/6 oz.
Spartium junceum (Yellow Spanish Broom).
Tree Lucerne (Tagasaste or Cytisus) 9d. oz.
Tristania conferta (Brush Box).
Telopea speciosissima (Waratah).—National flower of N.S.W. 1/- pkt.

EUCALYPTUS SEEDS

All Varieties of Eucalyptus 6d. pkt., except where otherwise priced.

Alpina (Alpine Gum) 1/- pkt.; 2/- oz.
Amygdalina (Peppermint Gum) 2/6 oz.
Botryoides (Bastard Mahogany) 2/6 oz.
Calophylla (Red Gum of Western Australia).—Large white flowers. 1/- pkt.
*Calophylla rosea.—Flowers pink 1/- pkt.
*Citriodora (Lemon-scented Gum) 1/- pkt.; 3/6 oz.
*Caesia.—Pink-flowered variety 1/- pkt.
Cornuta (Yate Tree of S.W. Australia) 2/6 oz.
Corynocalyx (Sugar Gum).—A very rapid-growing variety. 2/- oz.; 25/- lb.

CORYNOCALYX (Dwarf-growing Variety)

This variety is preferable to the ordinary Sugar Gum for shelter. The branches are carried well down towards the ground, and the foliage is much thicker than in the old variety, thus rendering it more valuable for this particular purpose. It can be highly recommended for the Western District. Height 20 feet.

6d. and 1/- pkt.; 2/6 oz.

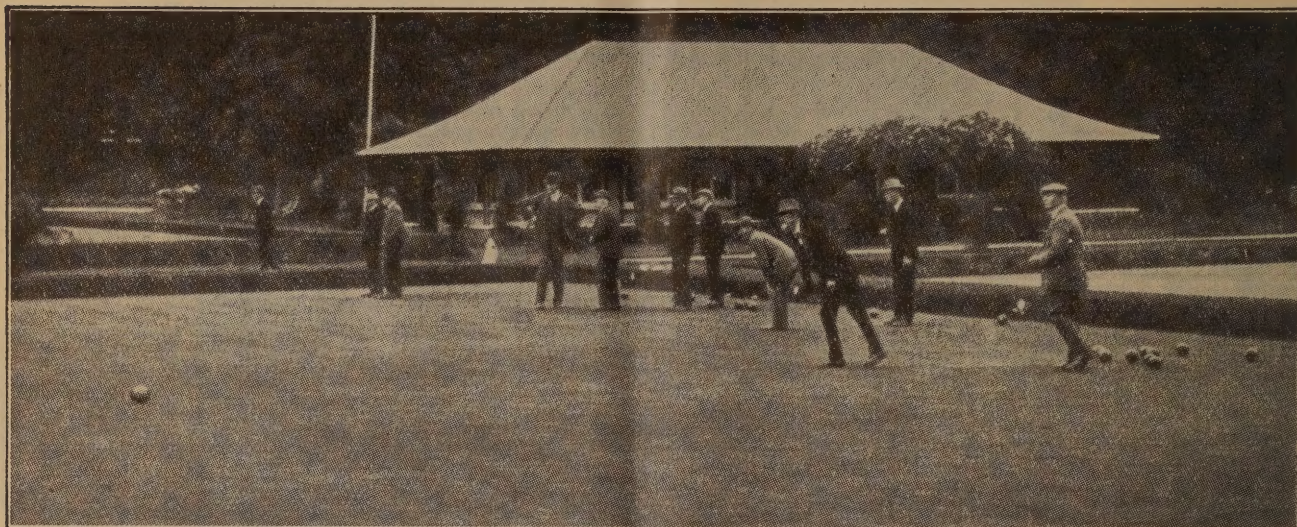

Corymbosa (Bloodwood) 3/6 oz.
Crebra (Ironbark of N.S.W.) 3/- oz.
*Crucis.—Glaucous, ovate small silver leaves 1/- pkt.
Diversicolor (Karri Gum) 1/- pkt.
*Eremophylla.—Bright yellow flowers 1/- pkt.
*Erythrocorys.—Bright scarlet flowers 1/- pkt.
*Ficifolia (Crimson-flowered Gum) 1/- pkt.
Globulus (Tasmanian Blue Gum) 3/- oz.
Gomphocephala (The Tooart Gum) 1/- pkt.
Gonilocalyx (Victorian Spotted Gum) 3/6 oz.
Gunnii (Cider Tree).—Useful timber tree 3/- oz.
Hemiphloia (Common Box) 3/- oz.
Lehmanni (var. cornuta) 2/- oz.
Leucoxylon (Ironbark Gum) 3/- oz.
*Leucoxylon rosea.—Pink flowers 1/- pkt.
Longifolia (Woolly Butt) 3/- oz.
*Macrocarpa.—Flowers dark crimson, somewhat darker than E. ficifolia, but the individual flower is much larger, about 3 or 4 inches in diameter. The foliage is of peculiar shape, resembling that of E. globulus, and tough, with mealy whitish appearance. A shrubby variety. 1/- pkt.
Macarthurii (River Woolly Butt) 3/6 oz.
Macrandra (Salt River Shrubby Gum) 1/- pkt.
Maculata (Spotted Gum of N.S.W.) 3/6 oz.
Macrorrhyncha (Stringy Bark of Victoria) 3/- oz.
Marginata (W.A. Jarrah) 1/- pkt.
Microcorys (Tallow Wood) 3/- oz.
Melliodora (Yellow Box of Victoria) 3/- oz.
Muelleriana (Yellow Stringybark) 3/6 oz.
Obliqua (Stringybark) 3/- oz.
Patens (Harvey River Black Butt) 3/- oz.
Paucifolia, syn. coriacea (White Drooping or Swamp Gumtree of N.S.W., Victoria, and Tasmania) 3/6 oz.
Pilularis (Blackbutt of Northern States) 3/6 oz.
Polyanthemos (Red Box) 3/- oz.
*Preissiana.—A beautiful garden variety. Large flowers of deep lemon yellow colour 1/- pkt.
*Pyriformis.—Large red-flowered Gum 1/- pkt.
Regnans (Mountain Ash of Victoria) 3/6 oz.
Resinifera (Red Gum of N.S.W.) 3/6 oz.
Risdoni (Risdon's Gum) 1/- pkt.; 5/- oz.
Robusta (Swampy Mahogany) 3/- oz.
Rostrata (Red Gum of Victoria) 3/- oz.
Siderophloia (Red Ironbark) 3/- oz.
Sideroxylon (Black Ironbark) 3/6 oz.
Steedmani.—The flowers are golden yellow, while the operculum or cap is a beautiful red shade 1/- pkt.
*Stricklandii.—Golden yellow 1/- pkt.
Stuartiana (Apple-scented Gum) 3/- oz.
*Tetragona.—Silvery leaves, white flowered 1/- pkt.
*Tetraptera.—Large red flowers 1/- pkt.
Torquata.—Red flowers 1/- pkt.
Viminalis (Manna Gum) 2/6 oz.
Eucalyptus, Mixed 2/- oz.

ANY VARIETY NOT MENTIONED ABOVE, IF PROCURABLE, CHARGED AT CURRENT RATES

LAWN GRASSES

RE-CLEANED AND MACHINE - DRESSED.

Owing to the fluctuations of the market, it is impossible to affix prices to several varieties of grasses.
Quotations will be sent Post Free on application.

Gill & Searle's INCOMPARABLE LAWN MIXTURES

(None of which include Clover)

A1 MIXTURE

For Bowling Greens, Tennis Courts, and Croquet Lawns.

To produce a fine textured Lawn with that deep green, cool velvety appearance, sow A1 MIXTURE, which is composed entirely of the finer, most expensive Lawn Grasses. Although the initial cost is a little in excess of our other Lawn Mixtures, which contain a percentage of the coarser grasses, it is actually cheaper when the fact that it contains a far greater number of seeds, weight for weight, is taken into consideration, and therefore less seed is required to sow a space of similar dimension.

Price : Per lb., 3/- ; per bushel (20 lbs.), 45/-.

NO. 1 LAWN MIXTURE

This is a good general purpose mixture which contains a large percentage of the finer grasses.

Price : Per lb., 2/6 ; per bushel (20 lbs.), 37/6.

NO. 2 LAWN MIXTURE

This is a good and reliable Lawn Mixture that will withstand steady wear.

Price : Per lb., 2/- ; per bushel (20 lbs.), 30/-.

SPECIAL MACHINE-DRESSED IMPORTED ENGLISH RYE GRASS FOR LAWNS.

This is a splendid quality, free from all foreign matter, specially saved from old pastures and thoroughly Perennial.

7d. $\frac{1}{2}$ lb.; 1/- lb.; 15/- per bushel of 20 lbs.

BUFFALO GRASS (Roots Only). Plant from September to December.

Makes an excellent lawn, particularly in dry districts. Grows well on any soil, and produces a good sward, even on pure sand. The roots should be planted during the spring and summer.

5/6 per half-sack ; 10/- per sack.

SOWING QUANTITIES.

For a new lawn allow 1 oz. of seed per square yard, or 1 lb. per square containing 16 yards. For renovating old lawns sow at the average rate of $\frac{1}{4}$ to $\frac{1}{2}$ oz. per square yard or $\frac{1}{4}$ to $\frac{1}{2}$ lb. per square containing 16 square yards, according to the existing state of the lawns.

VARIETIES OF GRASSES USED FOR LAWNS.

(Specially Machine-cleaned.)

Chewing's Fescue	Perennial Rye Grass
Couch Grass	Red Fescue
Creeping Bent	Rough-stalked Meadow Grass
Crested Dogstall	Browntop
Kentucky Blue Grass	Wood Meadow Grass

Price on application.

GILL & SEARLE'S "GRENDON" NURSERIES

Lovers of flowers are cordially invited to visit and inspect our Nurseries, particularly during March, April, and May, when the Dahlias are flowering. Many other plants of interest can be seen throughout the year. Visitors are always welcome, there being no obligation to purchase.

Our "GRENDON" NURSERIES are situated at the corner of HAMPTON STREET and CENTRE ROAD, NORTH BRIGHTON. The Hampton Street bus from North Brighton Railway Station passes the gate. THE NURSERIES ARE OPEN FROM 8 a.m. TILL 5 p.m. DAILY, SUNDAYS AND HOLIDAYS EXCEPTED.

Telephone Numbers : Nursery, X 4310 and X 3060 ; Warehouse, M 5766 (3 lines).

LAWNEX

Kills Weeds on Lawns, Bowling Greens, Tennis Courts, etc.

Lawnex eradicates weeds and soft grasses, and encourages the growth of Buffalo, Couch, and the best English grasses. Spread evenly over the surface, allowing 3 ozs. to each square yard or 6 ozs. if the weeds are plentiful. Allow to remain for 48 hours, after which time the Lawn should be thoroughly watered. 1 lb., 4d. ; 7 lbs., 1/9 ; 14 lbs., 3/6 ; 28 lbs., 5/- ; 56 lbs., 7/6 ; 112 lbs., 12/6.

AGRICULTURAL SEEDS

Grasses and Clovers for Permanent Pastures

SPECIALLY MACHINE-CLEANED.

Owing to the fluctuations of the market we are unable to state prices. We shall be pleased to quote at lowest market rates.
When inquiring for samples and prices, kindly state approximate quantities required.

BROWNTOP (*Agrostis tenuis*).

Recommended for Bowling Greens, Golf Putting Greens, and Croquet Lawns.

COCKSFOOT (*Dactylis glomerata*).

Sow from 30 to 40 lbs. to the acre. Best New Zealand Seed.

COUCH (*Cynodon dactylon*).

Exceedingly valuable for sowing on embankments for binding. Sow 10 to 12 lbs. to the acre.

CRESTED DOGSTAIL (*Cynosurus cristatus*).

Sow with other grasses from 2 to 5 lbs. to the acre.

CREeping BENT OR RED TOP (*Agrostis alba*).

Sow, if alone, 20 to 30 lbs. to the acre.

CHEWING'S FESCUE

(*Festuca duriuscula* var. *Chewing's*).

A Perennial variety of Hard Fescue, if sown alone, 20 lbs. to the acre.

HARD FESCUE (*Festuca duriuscula*).

Hardy and robust variety. Sow, if alone, 40 lbs. to the acre. Hardy Perennial.

KENTUCKY BLUE GRASS (*Poa pratensis*).

Sow, if alone, 30 lbs. to the acre, or 2 to 4 lbs. if mixed with other grasses and clovers.

PASPALUM DILATATUM (Golden Crown Grass).

Valuable drought-resisting grass. Sow during the spring and autumn months, 6 to 8 lbs. per acre. Prime Hand-shaken Seed.

PHALARIS BULBOSA.

("The King of all Winter Grasses.") Sow 2 lbs. to the acre, 4 lbs. broadcast.

PRAIRIE GRASS (*Bromus unioloides*).

Sow 40 lbs., if alone, to the acre.

RED OR CREEPING FESCUE (*Festuca rubra*).

Excellent for enduring severe droughts. If sown alone, 30 to 40 lbs. to the acre.

RHODES GRASS (*Chloris virgata*).

One of the greatest drought-resisting grasses ever introduced. Sow 2 to 4 lbs. to the acre; sow in spring.

RIB GRASS (*Plantago lanceolata*).

Specially adapted for sowing on sheep runs. Sow, if alone, 20 lbs. to the acre.

ROUGH-STALKED MEADOW GRASS (*Poa trivialis*).

Sow, if alone, 30 to 40 lbs. to the acre.

IMPORTED ENGLISH RYE GRASS (*Lolium perenne*).

Too well known to need description. Hardy Perennial. Sow 30 to 40 lbs. to the acre.

RYE GRASS, NEW ZEALAND (*Lolium perenne*).

Sow, if alone, 30 to 40 lbs. to the acre.

RYE GRASS, WIMMERA (*Lolium subulatum*).

Grows well in the Wimmera, Mallee, and other warm districts. If sown alone, 40 lbs. to the acre.

RYE GRASS, WESTERN WOLTHS (*Lolium Western Woldicum*).

A most productive forage and pasture grass. Of wonderful vitality, and will grow on sodden soil. Sow 40 lbs. to the acre.

RYE GRASS, ITALIAN (*Lolium Italicum*).

If sown alone, 40 lbs. to the acre.

RYE GRASS, VICTORIAN OR WESTERN DISTRICT.

Sow 40 lbs. to the acre.

TIMOTHY GRASS (*Phleum pratense*).

If sown alone, 30 lbs. to the acre.

WALLABY GRASS (*Danthonia semiannularis*).

A valuable permanent native grass. Sow 15 to 20 lbs. to the acre.

WOOD MEADOW GRASS (*Poa nemoralis*).

Most useful in the formation of Pastures, Lawns, etc. Does well in shady positions. If sown alone, 30 lbs. to the acre.

YORKSHIRE FOG (*Holcus lanatus*).

If sown alone, 20 lbs. to the acre.

Permanent Pastures

GRASS SEED MIXTURES.

For the laying down of land to Permanent Pastures.

We shall be pleased to send specifications and to quote prices per acre. Clients are requested to furnish full details as to area of land to be laid down, description of same, situation, and as to whether already partially grassed.

Lucerne

HUNTER RIVER.

Genuine broad-leaved, upright, dodder-free Lucerne.

The King of Fodder Plants. Excellent for Cattle, Horses, Sheep, etc. Should be grown by every farmer. Triple Machine Cleaned by up-to-date machinery.

Clovers

ALSYKE (*Trifolium hybridum*).

A Perennial variety. It produces enormous crops of good fodder. Sow if alone, 12 to 14 lbs. to the acre, or 2 lbs. if mixed with other grasses.

BURR CLOVER (*Medicago denticulata*).

Specially suited for growing on dry land or hillsides. Sow, if alone, 10 to 12 lbs. to the acre.

BERSEEM OR EGYPTIAN CLOVER (*Trifolium Alexandrinum*).

Annual Clover, which does well in poor soil. Sow in autumn 15 to 20 lbs. broadcast to the acre.

BOKHARA CLOVER (*Melilotus leucantha*).

Also called Sweet Clover. A Perennial which grows well on poor soil. Sow 10 lbs. to the acre.

See Page 47 for Artificial Manures
for Top-dressing and other purposes

Clovers—continued.

CLUSTER CLOVER (*Trifolium glomeratum*).

This Annual Clover spreads rapidly, and yields an abundance of good pasture. Mixed with other Grasses, sow 2 to 4 lbs. to the acre.

COW GRASS OR PERENNIAL RED CLOVER (*Trifolium pratense perenne*).

Yields an immense crop, which is highly nutritious. 15 lbs. required to sow an acre by itself, or 3 to 5 lbs. if mixed with other grasses.

GIANT COW GRASS CLOVER (Extra Prime).

Vigorous grower, and is splendid for milk production. If alone, sow 15 lbs. to the acre; if mixed with other grasses, sow 3 to 5 lbs. to the acre.

ITALIAN SCARLET CLOVER (*Trifolium incarnatum*).

An Annual Clover, excellent for an early crop. 12 to 15 lbs. required to sow an acre, or 4 lbs. if mixed with other grasses.

KING ISLAND MELILOT (*Melilotus Indica*).

A valuable Clover for pasturing. Suitable for poor quality land and sandy wastes near the sea shore. 15 lbs. seed required to sow an acre.

RED OR BROAD CLOVER (*Trifolium pratense*).

Yields an immense crop. 20 lbs. required to sow an acre, or 4 lbs. if mixed with other grasses.

LOTUS MAJOR (The Greater Birdsfoot Trefoil).

A deep-rooting Perennial Clover, producing an enormous amount of fodder. Can be grown with equal success on the richest or poorest soils. Sow 15 lbs. alone, or 3 to 4 lbs. when sown with other grasses.

STRAWBERRY CLOVER (Clean Shelled Seed).

A very valuable variety for damp lands. Sow 2 to 3 lbs. to the acre.

SUCKLING CLOVER (*Trifolium minus*).

Annual Clover. Does well in sandy soils. Mixed with other grasses, sow 2 to 3 lbs. per acre.

TREFOIL OR HOP CLOVER (*Medicago lupulina*).

Hardy Clover for sheep pasture, suitable for cold districts. Sow with other grasses, 2 to 3 lbs. per acre.

SUBTERRANEAN CLOVER (*Trifolium subterraneum*).

A valuable fodder plant; thrives in any soil. Highly esteemed by pastoralists. If sown alone, 5 to 7 lbs. to the acre, or 2 lbs. if mixed with other grasses.

WHITE DUTCH CLOVER (*Trifolium repens*).

Valuable in pastures, either for dairying or fattening, and will thrive in comparatively poor land. Sow 12 to 14 lbs. to the acre by itself, or 2 lbs. if mixed with other grasses.

Forage Crops

WHEN INQUIRING FOR SAMPLES AND PRICES, KINDLY
STATE APPROXIMATE QUANTITIES REQUIRED.

Rape

DWARF ESSEX (The Great Feed for Sheep). True Broad-leaved Dwarf Essex.

Sow in autumn or spring, from 4 to 6 lbs. to the acre.

WHITE MUSTARD.

Sow with Rape as a preventive of bloat and scouring. $\frac{1}{2}$ to $\frac{3}{4}$ lbs. per acre is ample.

Sorghums and Millets

FOR GREEN FODDER PURPOSES.

SORGHUMS.

SUDAN GRASS.

Great drought-resisting summer fodder, adaptable to all climates, and will grow on any soil. Sow 6 to 8 lbs. in drills, 15 to 20 lbs. broadcast to the acre.

Sorghums and Millets—continued.

SORGHUM SACCHARATUM.

A very nutritious summer Fodder Plant, excellent for cows. Sow 14 lbs. broadcast, or 7 lbs. in drills to the acre.

AMBER SUGAR CANE (Var. Sorghum).

Gives an enormous amount of fodder. Sow 8 to 10 lbs. in drills, 15 lbs. broadcast to the acre.

BROOM CORN.

Largely grown as fodder for feeding stock. Sow 8 to 10 lbs. in drills, 15 lbs. broadcast to the acre.

IMPHEE, OR PLANTER'S FRIEND.

One of the most popular of the Sorghum family. Sow 8 to 10 lbs. in drills, 15 lbs. broadcast to the acre.

JOHNSON GRASS, OR EVERGREEN MILLET.

A Perennial variety of Sorghum which has now come largely into use. Sow 8 to 10 lbs. in drills, 12 lbs. broadcast to the acre.

JAPANESE MILLET.

Very productive well-known variety, rapid grower. Sow 8 to 10 lbs. in drills, 15 lbs. broadcast to the acre.

SEED MAIZE.

We carry stocks of all the leading varieties of Maize, and shall be pleased to quote for quantities on application.

Seed Grain

It must be distinctly understood that all Seed Grain is sold for NETT PROMPT CASH ONLY. Exchange must be added to Cheques.

Rye (60 lbs. bushel); Cape Barley (50 lbs. bushel); Maize (56 lbs. bushel); Wheat (60 lbs. bushel); Oats, Algerian, Stout, White (40 lbs. bushel).

Field Root Crops

MANGELS.

(Sow September to December, 4 lbs. per acre.)

MAMMOTH LONG RED, CHAMPION YELLOW GLOBE.

GIANT HALF SUGAR MANGELS.

(Sow September to December, 8 lbs. per acre.)

WHITE TOP, ROSE TOP.

SUGAR BEET.

(Sow September to December, 8 lbs. per acre.)

VILMORIN'S IMPROVED.

GIANT SILVER BEET.

A Wonderful Fodder Crop.

(Sow September to November, 4 to 6 lbs. per acre.)

Dual-purpose Crops

For Green Manuring Winter Feed, Cleaning the Land, etc. The following mixtures are made up by ourselves, and are mixed in proportion to meet the different requirements:—

No. 1.

Half bus. Ryecorn
Half bus. Dun Peas
7 lbs. Golden Tares
Half bus. Algerian Oats

No. 2.

Half bus. Ryecorn
Half bus. Dun Peas
Half bus. Cape Barley
Quarter bus. Algerian Oats
7 lbs. Golden Tares

Prices on Application. Special Quotations given for large areas.

Bird Sundries

BIRD RAPE, 7d. lb.; CANARY, PLAIN, 8d. lb.; CANARY SEED, MIXED, 6d. lb.; HEMP, 6d. lb.; MILLET WHITE, 4d. lb.; PANICUM, 4d. lb.; PARROT FOOD, 6d. pkt.; SUNFLOWER, GRAY OR BLACK, 6d. lb.; NIGER, 1/- lb.; LINSEED, 6d. lb.; HULLED OATS, 3d. lb.; BUDGERIGAR MIXTURE, 6d. lb.; MAW SEED, 1/9 lb.; CHILLIES, 2/6 lb.; SHELL GRIT, 6d. bag; MANNING'S POULTRY SPICE, 1/- and 2/- pkg. PEANUTS, 10d. lb.

Various Agricultural Seeds

NOTE.—Nothing less than Half-bushels will be charged at the Bushel rate. When writing for Samples and Prices, please state approximate quantity required.

- Field Cabbage (Giant Drumhead).**—A late variety, growing to an immense size; very solid. Largely cultivated.
- Cabbage or Kale (Thousand-headed).**—Invaluable as a fodder for sheep. Sow 2 to 3 lbs. to the acre.
- Chou Moellier.**—A valuable fodder plant. Sow 2 lbs. to the acre in drills.
- Cow Peas.**—A valuable fodder plant, sheep being very fond of them when in flower. Sow 1 to 1½ bushels to the acre.
- Cattle Pumpkin.**—Plant three or four seeds in a patch, 12 feet apart each way. Sow 2 lbs. to the acre. **Crown, King of the Mammoth, Ironbark.**
- Hemp.**—Sow 60 lbs. to the acre broadcast.
- Linseed or Flax** (56 lbs. to the bushel).—Sow early in the spring or autumn at the rate of 1½ bushels to the acre.
- Field Peas, Dun, Grey, or Partridge.**—Sow broadcast at the rate of 2 to 3 bushels to the acre (60 lbs. to the bushel).
- Soy Beans.**—Sow in September and October for best results, planting 30 lbs. to 60 lbs. per acre, according to distance the rows are formed apart.
- Sunflower.**—Extensively grown for poultry feeding. Sow 8 to 10 lbs. to the acre.
- Tares or Vetches** (60 lbs. to the bushel).—Excellent for green feed. Sow in the autumn, 2 bushels to the acre.
- Tick or Horse Beans** (60 lbs. to the bushel).—Sow 2 bushels to the acre.

TOBACCO SEED

We can supply the following varieties:—

CONQUEROR, HICKORY PRYOR, YELLOW PRYOR, DUN-GOWAN WARNE, GOLD LEAF, WHITE STEM ORINOCO, SPOTTED GUM. 6d. pkt. For larger quantities, price on application.

KIKUYU GRASS

Roots only.

KIKUYU GRASS is indigenous to British East Africa, in which country authorities describe its value as a veritable "mortgage lifter," and is an excellent drought-resister. It is highly recommended for sandy and all light soils.

15/- per bag. (Freight extra.)

A bag makes approximately 750 to 1,000 sets.

POA AQUATICA

The wonderful water meadow grass. For reclaiming wet or swampy grounds. **Roots, 25/- per sack; 15/- per ½-sack. Carriage extra.**

Horticultural Requisites

(POSTAGE OR FREIGHT EXTRA.)

SPRAY COMPOUNDS, INSECTICIDES, and SNAIL DESTROYERS.

Aretan.—A new treatment, effective on Gladioli, Lilies, Anemones, Ranunculus, and other bulbs. Scab, Hard Rot, Fusarium Rot. These diseases can be controlled by dipping the corms in "Aretan." 2½-oz. tin makes 7 gallons of spray. Price, 3/-.

Arsenate of Lead Paste.—For Codlin Moth, Caterpillars, and all kinds of leaf-eating insects. 1 lb. makes 17 gallons of spray. ½ lb., 1/3; 1 lb., 1/9; 2 lbs., 3/3; 7 lbs. at 1/3 lb.; 14 lbs. at 1/1 lb.; 28 lbs. at 9d. lb.; 56 lbs. at 8d. lb. **Powder,** ½ lb., 1/7; 1 lb., 2/6; 2 lbs., 4/6; 7 lbs., 1/10 lb.; 14 lbs., 1/7 lb.

Arsenate of Calcium.—For killing Snails, Slugs, Woodlice, and all leaf-eating insects. ½-lb. tins, 1/-; ¼-lb. tins, 1/6; 1-lb. tins, 2/-; 7 lbs., 1/8 per lb.

Benzole Emulsion.—For blight and insect pests. 1 lb. makes 5 gallons of spray. 1-lb. jar, 1/6 each; 4½-lb. tins at 1/3 lb.; 9-lb. tins at 1/- lb.

Bluestone (Sulphate of Copper).—6d. lb.; 12 lbs., 5/6; 1 cwt., 50/-.

Bordeaux Mixture.—For Blight, Mildew, Black Spot, Leaf Curl. 1 lb. makes 5 gallons of spray. ½-lb. tins, 1/-; ¼-lb., 1/6; 1 lb., 2/-; 2 lbs., 3/3; 7 lbs. at 1/6 lb.; 20 lbs. at 1/3 lb.

Cheshunt Compound.—Wilt preventive and soil steriliser. Use 1 oz. dissolved in 2 gallons of water. ½-lb. jars, 1/6; 2 lbs. at 1/10 lb.; 8 lbs. at 1/7 lb.; 28 lbs. at 1/3 lb.

Ciensei.—For Scale, Red Spider, and Thrips. One tablespoonful makes from 1½ to 3½ pints of spray. ½ pint, 1/1; 1 pint, 1/9; 1 quart, 3/-; ½ gallon, 5/9; 1 gallon, 10/3; 4-gallon tins, 32/6 each.

Colloidal Sulphur.—For the prevention of Black Spot, Mildew, Brown Rot, and Hollyhock Rust. 1 oz. makes from 1½ to 3 gallons of spray. 3-oz. bottle, 2/-; 8-oz. bottle, 3/-; 16-oz. bottle, 4/-.

Codlin Moth Tree Bands.—2½d. ft.; 12 feet for 2/-; 20/- roll of 200 feet.

Derri Dust.—For the control of Cabbage Grubs, Caterpillars, Pea Mite etc. 1 lb., 1/6; 7 lbs., 8/-; 28 lbs., 26/-; 56 lbs., 50/-; 112 lbs., 95/-.

LABEL YOUR PLANTS WITH "EVERLAST" EMBOSSED ALUMINIUM LABELS, SEE PAGE 47

Horticultural Requisites—continued.

Flowers of Sulphur.—For Mildew, 4d. lb.; 7 lbs., 2/-; 14 lbs., 3/9; 28 lbs., 7/-; 56 lbs., 12/6; 1 cwt., 22/6.

Formalin.—For pickling Wheat, Potato diseases, etc. 2/3 bottle.

G. & S. Manurial Insecticide.—A powder for destroying destructive soil insects and at the same time sterilises and cleans the soil. Non-injurious to plant life and of fertilising value. Use 2 to 3 ozs. to each square yard. 1 lb., 6d.; 2 lbs., 10d.; 4 lbs., 1/6; 7 lbs., 2/6; 14 lbs., 4/6; 28 lbs., 8/-; 56 lbs., 13/6; 1 cwt., 25/-.

G. & S. Slug and Snail Killer.—Highly recommended. Is impervious to rain and hosing for at least a fortnight. 3½ lbs., 1/-; 7 lbs., 1/9; 14 lbs., 3/3; 28 lbs., 6/-; 56 lbs., 11/-; 1 cwt., 20/-.

DO YOU REQUIRE A GARDENER?

We consider our "Gardener Supply Service" as very important, as a garden reflects more or less the qualifications of the person in charge. So one of the principals of our establishment pays special attention to this matter and to the best of his ability acquaints himself as to the merits and respectability of a gardener before recommending him. Clients, therefore, requiring permanent gardeners or casuals will please get in touch with us, when we shall be pleased to give them the benefit of our experience and knowledge in making a selection. We make no charge for so doing, this being part of "Our Service."

Table of Contents—continued

VEGETABLE SEEDLINGS. Page	
Beet	26
Brussels Sprouts	26
Cabbage	26
Cape Gooseberry	26
Cauliflower	27
Celery	27
Egg Plant	27
Herbs	27
Leek	28
Lettuce	28
Onion	28
Tomato	30

BULBS, CORMS, AND TUBERS. Page	
Acis	36
Aconitum	36
Allium	36
Alstroemeria	36
Amayrillis	36
Anemone	31
Anomatheca	36
Arthropodium	36
Arums	36
Babiana	36
Begonia	36
Bletia	37
Bomarea	37
Bulb Fibre	36
Buphane	37
Calochortus	37
Cimicifuga	37
Clivia	37
Colchicum	37
Chlidanthus	37
Crocus	31
Cyclamen	37
Cyclobotbra	37
Daffodil	31
Dielytra	37
Eremurus	37
Freesia	32
Gladiol	32
Grape Hyacinth (Muscari)	34
Habranthus	37
Hamanthus	38
Helleborus	38
Hemerocallis	38
Hippeastrum	38
Hyacinth	32
Hyacinthus	38
Iris	32, 33, 34
Ismene	38
Ixia	34
Jonquil	31
Lachenalia	34
Lily of the Valley	34
Lilium	34
Littonia	38
Lycoris	38
Montbretia	34
Morphixia	34
Muscari	38
Narcissus	31
Nerine	38
Ornithogalum	38
Platycodon	38
Ranunculus	35
Richardia	35
Sandersonia	35
Schizostylis	39
Scilla	39
Snowflake	39
Sparaxis	35, 39
Sprekelia	39
Sternbergia	39
Streptanthera	39
Tigridia	39
Tritonias	35
Trillium	39
Tritelias	39
Tuberose	35
Tulbachia	39
Tulip	35
Vallota	39
Veltheimia	39
Watsonia	35
Zephyranthus	39

TREE AND SHRUB SEEDS. See page 41.

AGRICULTURAL SEEDS. Page	
Ambercane	44
Broom Corn	44
Browntop	42, 43
Cabbage, Field	45
Carrot, Field	26
